Our Very Best Mackinaw for Boys Fancy Brown Plaid

$8.95 All Wool

You and your boy will be well satisfied if you buy him the best. Teach him the meaning of quality—let him learn that paying a little more to get finer clothes is an economy in the long run.

This is our best Mackinaw for boys—the quality leader of the Jack Frost family—and one of the biggest values. For its construction we chose an All Wool, 30-ounce fabric of sturdy weave and pleasing finish. The pattern is a handsome plaid in dark shades with brown as the principal color. The model you will find to the boy's liking. Patch pockets and warm muff pockets. Convertible collar,—those are style features he will note with favor. The workmanship, as you have a right to expect, is in every way thorough and will bear the closest inspection.

"Just Like BigBrother's"—Special Value

$6.75

A Jack Frost Mackinaw for the little fellow, made just as well as big brother's. It's just as practical to keep out the cold, too, and looks mighty attractive. The boy will like it, because it's warm and comfortable without being awkward. He will want to wear it every time he goes out of doors.

Thirty-ounce material, about 85 per cent wool, is used in the manufacture of this mackinaw. A dark brown plaid pattern, very becoming to little fellows, made up with patch pockets and convertible collar. Because we know even a very small boy quickly wears out clothing that is not strongly constructed, we have been very careful to have every seam stoutly sewed and every strain point reinforced. It's a big value from every standpoint.

Compare Weights as Well as Prices

Notice carefully the weight of the material in the Mackinaw you buy. In each description we give the actual weight of the fabric based on a yard of cloth 54 inches wide. Mackinaws of lighter materials are sometimes offered at prices which at first glance seem more attractive; but comparison of weights as well as price will prove our values.

Our Illustrations and Descriptions are Accurate

When you order clothing from Ward's you know in advance just what you will receive. We take the greatest care to have every description and every illustration absolutely accurate to the smallest detail.

We Do Not Send Samples

To make the price as low as possible, we do not send samples. To do so would require many yards of material, the cost of which would necessarily be added to the price of your suit. Thousands of satisfied customers order clothing from this catalogue season after season with complete confidence that the merchandise is exactly as presented. You take no risk; our policy of "Satisfaction guaranteed or your money back" protects you absolutely.

$17.85 Overcoat of All Wool Fawn Brown Cheviot

The natural youthful preference for a distinctive style and individual pattern finds expression in this late model. Featured by raglan sleeves and patch pockets with curved flaps, it is one of the most attractive Overcoats of the season, and we predict wide popularity for it. The fabric is woven with a blended plaid pattern on a ground of Fawn Brown. It is an All Wool cheviot, heavy, warm and serviceable. The tailoring is done in our own workshops, so we know you will find the workmanship up to a high standard. Sleeves and yoke are lined with Venetian twill.

Durable Cassimere Striped Dark Brown

Boys have ideas of their own about the looks of their clothes. But it's often a hard job for parents to select at a price they want to pay, a Suit that will withstand the wear and tear a lively boy will give it and still retain its style. We designed this suit for just this purpose. It is made from a pleasing dark brown cassimere, woven with a harmonizing stripe pattern. The material is about 45 per cent wool and the rest good grade cotton. The knickerbockers are full lined and strongly constructed throughout. For a suit priced so low, you will find it satisfactory for all around wear. We do not believe you are likely to find another suit so inexpensive which is as great a value as this one.

All Wool Fancy Brown Checked

All Wool is the best material for Boys' Suits from the standpoint of appearance as well as economy. The only problem often is to find one of just the right model and color, at a price well within reason. Realizing these conditions, we have had this Suit made from a pattern so attractive both you and your boy will instantly admire it—and comparison will convince you that our price is low indeed.

The fabric is a rich brown with a faint olive check woven with a slight "salt and pepper" effect, which adds much to the lively air. Full lined knickerbockers, of course. We would not think of sending a suit from Ward's without that added feature. Extra reinforcements in every part where inferior suits quickly burst out. We haven't skimped—we never do—and good workmanship is clearly shown.

This suit would easily justify a higher price, but as always, we are conforming to our policy of giving you the most possible for your money.

All Wool Rainproofed Cassimere

How often you have worried for fear your boy would come home damp and chilled after a wet weather schoolday! Wouldn't you feel a lot better to have him clothed in this **Rainproofed** Suit which quickly sheds the raindrops of an ordinary shower? Of course you would! That's why we feature it at such a moderate price.

It's an All Wool Suit—and one which we are proud to offer. Your son will tell you it conforms to his ideas of what a stylish suit should look like. The material is a serviceable All Wool cassimere, closely woven with an indistinct stripe pattern. Sturdily tailored in every respect and numerous bar tack reinforcements make the seams almost impossible to rip. As in all Ward's suits, the knickerbockers are full lined—it wouldn't pay you to buy any other kind. Order this suit and you may be certain of lasting satisfaction.

$8.95 Handsome Brown-Gray All Wool Suit With Cap and Belt

Your boy will have a right to be proud as can be when he is wearing this outfit, which includes a suit and cap of the same material and a leather belt.

The suit and cap are made from All Wool cassimere of a quality we recommend without hesitation. The brown-gray striped pattern is one of the most popular for boys' suits this season. The knickerbockers are full lined and the suit is reinforced at the places mothers have learned need extra strength, if mending is to be avoided. The belt is fitted with a substantial metal buckle.

This outfit was selected with the greatest care, and while the price is extremely low, you are certain to receive enduring wear—the value is remarkable.

The "Highland Park" All Wool Suit Checked Brown, Olive $9.65

Teach your boy to take pride in his personal appearance! Buy the kind of clothes he would choose if the selection were left to him, and he will take more care to keep them looking neat and new.

He will say this Suit is faultless, both as to style and fabric. You, too, will notice with approval the manly tailoring the minute he tries it on. You will be still more gratified with the long service. A brown and olive checked pattern, woven in an All Wool cassimere fabric adds to the distinctive style. Knickerbockers are full lined with stout material, and the pockets are made for hard service. Our long experience has taught us how to make boys' clothes that wear, so we reinforce them at all points where there is likely to be extra strain. Another of the unusually high grade values for which Ward's is famous.

All Wool

Brown or Gray Cassimere

A "spick and span" model that will earn your boy the reputation of being the neatest dressed in the neighborhood. Other mothers will be sure to remark about his manly appearance and will compliment you for your good taste in selecting this Suit.

It's All Wool, and of a fabric woven to give long service—even a very rough skid to first base won't wear it through. Full lined and reinforced. To the boy, the pockets are one of the most important parts of a suit. Those in this one are regular "man-size" and of stout material strongly sewed. A more pleasing suit for year around wear will be hard to find—especially at the small price we ask.

Double Seat, Double Knees Double Elbows A Wonder Value

In offering these All Wool Suits for your boy we assure him a fabric and style he will be happy to wear. To you, we promise maximum service because of the dependable materials and workmanship used. We've made them as strong as we know how, so there is much more wear than in many others selling at higher prices.

At the seat, knees and elbows—the places where most suits burst out first—there are two thicknesses of material. These reinforcements are so carefully concealed that the only way you and your boy will know they are there is by the increased durability. The coat is lined with genuine Gibraltar serge, and the pockets—a detail you should not overlook in choosing youthful clothes—are extra stout. The knickerbockers you know are always full lined if they come from Ward's. Let the boy select the material; you will find he has a decided preference. Either the neatly checked cassimeres or the serge will please parents equally well.

Stillson Worsted The Best Wearing Dress Suit We Ever Have Offered

No matter how much more you might pay for a Suit, you couldn't get a stronger All Wool fabric, for we sincerely believe this is the stoutest and most serviceable ever used in boys' clothing. It's the same 20-ounce Stillson worsted as used in making the special suits for men, shown on Page 259 of this book It is our firm conviction that this suit will outwear any your boy ever had.

The belted style, with plaited back is sure to meet with the boy's approval, and plain shades of blue and brown are among the best for everyday and Sunday wear. We use extra durable materials for the linings and pockets because we want them to last as long as the suit. Gibraltar serge lining in coat; knickerbockers also full lined. Crotch, seat and inseam are double sewed and serged to prevent raveling or ripping. We don't believe you will find boys' suits anywhere that are more sturdily constructed or better reinforced. We make them in our own factories, and take every care to have them right.

All Wool Cassimere

Olive Checked Dark Brown

The mother who orders this Suit will have little mending to do. Because we understand the activities of normal, healthy boys, we know where strength is most needed and put it in those places. That's why this suit will come through football games and wrestling matches without tears or rips.

Boys are naturally critical about the style of their clothes and have a right to help select them. The Norfolk model pictured here, with its box plaits and swagger patch pockets is one parents and boys alike, will admire. The All Wool cassimere fabric is woven with a fancy brown mixed pattern, checked with dark olive. Knickerbockers and coat are both fully lined. Seat and inseams are double sewed, taped and serged. There's a very noticeable money saving here, not only because we are sure a similar suit would cost more elsewhere but also because of the lasting wear.

Ward's Finest Suit for Boys

There is certain satisfaction in buying the best—and the best is none too good for your boy. It's common sense economy, too, to purchase the better grades of clothing. You will feel more than repaid for the difference in price by the longer life and enduring style of a Suit like this.

A very handsome cassimere suiting is used, chocolate brown in color and faintly checked with dark olive. It was chosen with particular care for wearing quality as well as its fine appearance. Curved and pointed yoke, sporty patch pockets and knife plaited front are features of this model that add to the expensive appearance. Full lining of Gibraltar serge in coat; knickerbockers full lined with stout cloth, and pockets are full size, strong and well sewed. Numerous reinforcements are further evidence of the sturdy workmanship. The quality proves conclusively that Ward's best suits are among the greatest values.

Young America TRADE MARK

Double Knee Double Seat Double Stitched

98¢

Dress the boy for play like men dress for heavy, rough outdoor work. Then you need not worry about rips and tears or dirt and mud. Think of the extra wear the double seat, the double knee, the double stitching of these All-overs will give. The only way we could make them better would be to make them heavier, then they would be too heavy for little fellows.

Let your boys wear these sturdy medium weight garments, made of fast color, genuine Stifel's drill, striped blue and white, or drab khaki drill. You'll need fewer clothes for him and there will be much less mending to do.

All Wool Gray or Brown Plaid

Among the newest and most distinctive patterns for boys' Overcoats are these All Wool plaids, made up of harmonizing colors. We offer them in two of the most seasonable shades—cordovan brown and stone gray. Choose the one your boy likes best—either is in the height of style.

The model is just as pleasing as the fabric. Raglan sleeves, patch pockets and convertible collar contribute to the nobby effect. The extra weight of the material makes a full body lining unnecessary. Yoke and sleeves lined with Venetian twill. The value, just as the style, is one of our best. Quality considered, the price is very moderate.

SIZES: 10 to 17 years. **State size wanted.**

BUYING JEWELRY is largely a matter of confidence. It is impossible to look at an article and tell whether it is 18-Karat gold or 10-Karat gold—or whether gold filled jewelry will wear one year or twenty-five. All you can do is accept the seller's statements as being true—and you always feel more secure when you deal with a concern in which you have confidence.

When you buy jewelry at Ward's, you buy from a house with a reputation for 51 years of fair dealing. Our printed statement is our word of honor. When we tell you that a ring is 18-Karat gold—or that a watch case is 25-year gold filled, you can depend upon it! Best of all, you have the advantage of shopping from our big catalogue during spare time, right in your own home, where the whole family can aid in the selection. You not only save money, but you know you will be completely satisfied with any purchase you make, because our policy of "Satisfaction Guaranteed or Your Money Back," protects you in every way.

Shopping by Mail in Ward's Jewelry Store

The pictures of all the articles shown on the following pages are reproduced from actual photographs of the jewelry itself. The descriptions are true and accurate. This makes a purchase from this catalogue just as satisfactory as if you visited our big store and inspected each article personally.

Quality Never Sacrificed

You can be sure of the Quality of any jewelry you buy at Ward's, because we have a rule that quality is never sacrificed just for the sake of making a low price. No matter what you pay for the jewelry you select from these pages, you can be certain that you are getting full value for every dollar you spend.

Diamonds

With every Diamond you purchase at Wards you get a special guarantee as to size, quality and price. Only good quality diamonds, perfectly cut, are permitted to enter our stocks. Our experts go right to the diamond centers of Europe (Antwerp and Amsterdam) and personally select every diamond we buy. They take into consideration every point that determines the value of a diamond. And every stone must come up to a certain high standard, or we do not consider it good enough to offer to our customers.

Watches

You can depend absolutely on the timekeeping qualities of Ward's Watches. We sell only well known makes, and every watch is regulated before it leaves our store. The Elgin, Hampden, Waltham and South Bend Watches are genuine American made—with the name and number of jewels stamped plainly on the movement. The Admiral is one of the best Swiss watches made.

Jewelry

In this catalogue you will find a line of Jewelry more complete than you ever see except in the very largest stores. You have the advantages of a wide selection at a big saving in price. We buy jewelry in great quantities and sell at one small profit. That is why Ward's prices on jewelry are never high.

Gift Cases

All jewelry that you buy from Ward's will be mailed in an attractive Gift Case at no extra cost.

You Have 60 Days to Examine Diamond

Our special guarantee allows you 60 days to examine your diamond. If for any reason you decide to return it within 60 days of date of purchase, we will promptly refund the full price you have paid.

Money Refund Within One Year

At any time within one year from date of purchase we will refund the full purchase price less 10 per cent. For example: On a purchase of $100 we would refund $90 at any time within one year, if so desired.

Full Value in Exchange

Within one year from purchase date we allow the full price you paid in exchange for a more expensive diamond. Through our exchange plan, many customers in time are able to own much larger diamonds.

Our Diamonds Are Selected by Our Diamond Experts in Holland and Belgium Diamond Markets

Whether you buy our "First," "Second" or "Third" quality, you will receive full value for the amount you pay. Each quality represents unusual value at our prices. We believe our prices are much lower than those charged elsewhere for diamonds of equal quality. Our written guarantee pictured above is sent to you with every diamond. It fully protects you.

Our First Quality

Our First quality diamonds are carefully selected and are of excellent color. Perfectly cut and wonderfully brilliant. Anyone would be proud to possess diamonds of such splendid quality.

Our Second Quality

Our Second quality is only slightly different from our First quality. The color is just as good, but the cutting is not quite as fine. They represent special value at our low prices.

Our Third Quality

Our Third quality is not quite as good as our other qualities, but is free from objectionable flaws. There is nothing about the color or cutting which interferes with the brilliancy.

Diamonds under $100 sent by mail; over $100 sent by express if an express office is at your station—otherwise by registered mail. When diamonds are to be sent by mail, add 4¢ for postage. We guarantee safe delivery.

Be sure to state finger size when ordering rings. Page 329 tells how to find the correct finger size. Illustrations show actual size. Chart below gives an idea of the various sizes of diamonds.

Plain and Engraved 12-Size Watches

Waltham The Waltham Watch Co., being one of the oldest manufacturers of watches, has done much for the perfection of American made watches. Many of the oldest American watches in use today were made by Waltham.

There is over fifty years of experience in making fine timepieces in every Waltham watch produced today. Money can not buy a more satisfactory watch than a Waltham.

Elgin One of the most widely used of American Watches is the Elgin. The fact that it is carried and worn by so many discriminating people stamps it as one of America's finest watches. Its sturdy and dependable timekeeping qualities are well known. It has been rightly called "The Professional Timekeeper." We can supply you with Elgin watches in all grades ranging from 7-jewel to 21-jewel, which gives you almost unlimited choice in price and quality.

Any watch on this page enclosed in a handsome Leatherette case, velvet lined.

New and Popular 12-Size Watches

Hampden Watches were selected to allow us to give our customers a wider choice of American made watches. Every Dueber-Hampden watch is sold under the guarantee of the Dueber-Hampden Watch Co. of Canton, Ohio, one of the most dependable watch manufacturers in America today. It is also covered by our own well known guarantee, that you must be satisfied.

Admiral Our high grade Admiral Watches are the biggest watch values we have offered for several years. They are unusual bargains and would cost much more elsewhere. Each movement is thoroughly inspected by us before being sent to our customers. For those who desire lower priced watches than American made movements, we can and do guarantee full satisfaction.

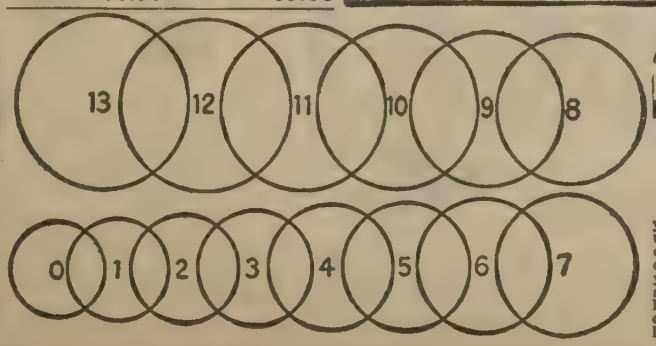
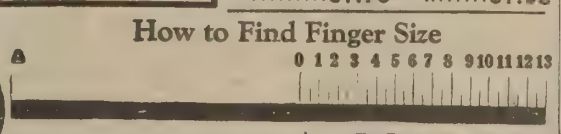
How to Find Finger Size





To Get Correct Size from an Old Ring

If you have an old ring that fits your finger, place it over these circles until you find the one the exact size of ring inside. The number inside the circle denotes your finger size. If your ring is smaller than one circle and larger than the next, order one-half size between. For a wedding ring or band ring order one-quarter size larger than the measure indicates.

To Get Finger Size

Wrap a narrow strip of paper snugly around largest part of finger. Cut paper off so the ends just meet. Place it on the scale above, so one end of the slip just covers the black line at point A; the figure at the other end of the slip is your finger size. If end of slip falls between two numbers, order one-half size larger than smaller number. For wedding or band ring order one-quarter size larger than actual finger size.

Emblem Rings—Buttons and Charms

Emblem jewelry described as "solid gold" is solid gold throughout with the exception of the pins, which have gold filled catch, pin and joint; the buttons have gold filled post and back. All of this jewelry has the correct emblem for the order which it represents. Most of the articles are enameled in beautiful colors. Rings are furnished in sizes 6 to 13 unless stated otherwise. State correct finger size when ordering rings. See Page 329 for measurement instructions.

This excellent quality Silverware is made by two of America's leading manufacturers. It is thoroughly dependable and guaranteed to give you many years of satisfactory service. High quality silver plate. In addition to the usual heavy plating of silver, every piece has an extra layer of silver on all the parts exposed to most wear. We will replace any piece any time it is not satisfactory. The Webster pattern is made by Simon L. and Geo. H. Rogers; the Lufbery and Ashland patterns by Wm. Rogers.

Ashland, Lufbery and Webster patterns are gray finish.

Our Guarantee

We will replace any piece any time it is not satisfactory or return your money. We can make this binding guarantee because of the heavy plating of silver every piece has, plus the extra layer of pure silver on parts exposed to most wear.

Webster and Lufbery teaspoons show Script style initials; Ashland teaspoon the Old English style. We will engrave any initial on whatever pattern you choose. Script style for 3¢ a letter, or Old English style for 5¢ a letter. State initial wanted. Solid handle knives are too hard to engrave satisfactorily.

Sterling Silver

Made of Solid Silver

The "Family Silver" That Is Treasured for Generations

Everyone appreciates the social prestige attached to the ownership of Sterling Silver Tableware. Your set of Sterling will be a source of never ending pride and pleasure—not only through the years and years of satisfactory service that it will give you, but as an heir loom to be handed down to your children and grandchildren.

Sterling Silver is truly one of the "Gifts That Last." Not only is it a most acceptable and welcome gift at holiday time but it is also highly appreciated on such occasions as weddings, birthdays and other anniversaries. The beautiful Brandon pattern shown here is one of the most desired for its charming simplicity. By obtaining a few pieces at a time a full set is accumulated in a short time.

PEARL HANDLE TABLEWARE

First Quality Pearl Handles

Sterling Silver Bands

There are several grades of pearl used in making Pearl Handle Cutlery. We offer only the First Quality Pearl, of smooth finish, beautiful color and plump size. This should be considered when buying this kind of tableware. The bands are solid sterling silver and the blades, tines and bowls are heavily silver plated. The assortment of pieces is complete—all of the same pattern to match. Most appropriate gifts and at real economy prices when you buy at Ward's.

Sale U.S. Army Goods

WE guarantee that all merchandis shown on these two pages wa bought from the U. S. Government su plus stocks. In most cases the actu government stamp appears on th goods. Everything is first quality, an all goods offered in this sale are perfe in every way. Our buyers personall selected this merchandise, and the were careful to pick only the bett grades. We also guarantee every artic to be exactly as pictured and describe —as in everything else we sell.

U. S. Army Flannel Shirt

Every man should have one or two Flannel Shirts for work or to use for hunting, camping or fishing. For this special Army Goods Sale we have bought at very low prices many thousands of the better grade army shirts, and we are offering them to you at just about half what you would usually pay for a shirt of equal quality.

The fine, soft material in this army shirt is two-thirds wool, with enough cotton to make it strong and durable. The color is olive drab, which does not easily show dust and dirt. Cut large and roomy to allow freedom of movement. The bosom is lined with a heavy cotton fabric—an extra protection for the chest in cold weather. To give greater wear, the shirt is double stitched throughout except the collar, and the elbows have large patch reinforcements. Two large pockets with button down flaps. Flat well shaped collar, matched buttons and buttoned cuffs. It would be well to buy a good supply of these shirts while you can get them at such a low price.

SIZES: 15, 15½, 16, 16½, 17, 18, 19.

U. S. Army Olive Drab Blanket

Size, 64 by 84 inches

If you ever used one of these wool Army Blankets, you know how warm and durable they are. They are the regulation U. S. army blankets in the olive drab color, and are very suitable for outdoor use. Many use army blankets for sleeping porches; and they are excellent for camping, summer cottages and lumber camps. Make fine motor robes. Each blanket weighs about 4 pounds, and is closely and firmly woven of about 90 per cent wool, and the ends are durably stitched to guard against raveling. These army blankets will give service out of all proportion to their low cost, and you should remember that the price we ask is less than you would now pay for cotton blankets of the same weight. The supply of these blankets is limited, so it will pay you to decide quickly how many you can use and order them without delay.

Soft Toe Munson Last

Any man who ever tried to wear out a pair of these Army Shoes knows they are made to stand a lot of hard service. They are comfortable, too, because they were made for soldiers to wear on long marches.

There are several kinds of army shoes, from heavy hobnailed field shoes to the lighter weight—dressy, officers' shoes. Those we offer you are the regulation infantry shoes, made especially for marching. They are not to be confused with the heavy field shoes. These infantry shoes come in roomy widths and have smooth insoles without nails—a big advantage.

Made over the soft toe Munson last, blucher cut and unlined. Solid leather, with full double soles almost a half inch thick. Broad solid leather heels. Uppers are full grain natural tan leather, properly reinforced at all strain points and double stitched. No sharp edges to hurt your feet. At this very low price it will pay you to buy a couple of pairs. Roomy widths.

Genuine Motor Transport Gauntlet All Leather—Fleece Lined

If you could only put your hands in a pair of these big fleece lined Gauntlets—feel how soft they are—and notice the quality of the leather, you would judge their value at not less than $2.00 a pair. We bought hundreds of thousands of pairs of gloves from the government surplus stocks for less than the original cost of the leather alone, which is the only reason we can offer you such fine gauntlets as these at only $1.00 a pair.

This motor transport gauntlet is a heavy fleece lined, one-finger mitten that any outdoor man will find plenty of use for. It makes an excellent driving mitten for cold weather. This same style mitten is used regularly by thousands of taxicab drivers in the large cities. It is also an excellent work mitten and fine for hunting. Palm, thumb and forefinger are made from first quality genuine chrome tan horsehide. The cuff and back are of tough, long wearing split cowhide. Lining is soft, heavy cotton fleece, to keep the fingers warm. Cuff is six inches deep and large enough to cover the overcoat sleeve and keep out the wind. Strongly sewed throughout to guard against ripping. So that as many customers as possible may take advantage of this big bargain, we will sell not more than two pairs to a customer, and we will accept no quantity orders from dealers.

You Save Money

MOST of the items on these pages could not be manufactured today for the prices we ask our customers—in many cases the cost of raw materials alone would now be more than Ward's low prices. Sales arguments are not necessary. People have been buying freely because they know that army stocks are rapidly being used up. It stands to reason this can not go on indefinitely. Order from these pages now—fill your future needs—it will pay you well to do so.

Officers' Horse Blanket

$3.00

Made of the finest olive drab duck with an excellent quality lining throughout. Blanket is held in place by a strong 4¼-inch surcingle of self material and two breast straps; one strap in front prevents the blanket from slipping forward. Strongly reinforced in all places that get the heaviest wear. This blanket was used exclusively for officers' horses. One manufacturer told us it could not be made today for less than $6.00. Shipping weight, 8 pounds.

Genuine McClellan Saddle The U. S. Army Standard

Raw hide covered tree with russet leather covering. Has 24-cord hair cinch. Studs for saddle bags. Rings on off and near sides of both pommel and cantle. Straps on both pommel and cantle for carrying blankets, coats, etc. Metal stirrups.

The McClellan Saddle is the result of many years of study by Army experts to find the best saddle for severe use and at the same time the easiest on both horse and rider. It has been the standard army saddle for the last fifty years. Now is your opportunity to get one of these excellent saddles far below cost. We are sure you never again will be able to purchase a saddle of such high quality at this low price. Shipping weight, 19 pounds.

Extra Heavy Waterproof Duck

Limit—Not More Than Three Blankets to a Customer

Here is one of the biggest bargains of this Army Goods Sale. We have never seen greater value and are sure you will think the same when you examine one of these sturdy, well made Horse Blankets. They were made for the government under strict supervision and withstood the most severe tests. We were particularly fortunate in our large purchase and offer our customers these brand new, clean blankets at barely one third of what they originally cost. You no doubt need new blankets for this winter—but don't just fill your immediate needs, buy for the future, and buy freely—you will not regret it. Don't forget that Army Stocks are being disposed of very rapidly. If you want to share in these bargains now is the time to send in your order.

Extra heavy waterproof duck. Full lined with a woven fabric lining material. Two heavy corded surcingles with clasps in front to hold the Blanket firmly in place. An excellent protection from cold or rain. These blankets are strongly stitched and reinforced along the edges and at all points of hard wear. Full standard length, 76 inches. Shipping weight, each, 9 pounds.

Power Stand $19.50

Sturdy Electric Motor

Everyone who has a 32-volt farm lighting plant will certainly want one of these Power Stands. They are made by the Robbins and Meyers Co., a well known manufacturer of electric motors. We bought an overstock and for that reason have priced these power stands at **less than the actual cost to manufacture.** They consist of a sturdy electric motor mounted on an iron base and fitted with three detachable, rubber tipped legs. The entire unit can be carried easily by means of a handle on top. When in use the power stand sits solidly and is attached to the machine to be driven by an adjustable rod to keep the belt tight. These stands are sufficiently powerful to drive churns, washing machines, pumps, separators, fan mills, grindstones or any other similar machine. Fitted with a combination pulley to take either a round or flat belt. One of these power stands will take care of many of the slow, tedious jobs around the farm and will give you more time for pleasure. Fitted with cord and attaching plug. Shipping weight, 75 pounds.

Genuine Stillson Worsted

Twenty Ounces to the Yard

Guaranteed to Wear One Full Year

LAST fall we found one of the largest woolen mills in the country with a tremendous overstock of this "Genuine All Virgin Wool Worsted" which had to be turned into cash immediately.

We knew Stillson Worsted was one of the best wearing materials money could buy, and one that we could **Guarantee to wear for one full year.**

We made the mill a spot cash offer for the entire lot. Our offer was accepted and we bought the material at a price that would not pay the present cost of the raw wool alone—a price just about one-third of what the same material would cost today. Last winter we sold thousands of men's Stillson Suits, and even then we could not take care of all the orders our customers sent us.

We have divided this Stillson Worsted into two lots. Part of it has been made into men's suits which are described on Page 259 of this catalogue. A big share of it we are offering here by the yard, so every one of Ward's customers may have warm winter garments made from this splendid material.

Priced at Less Than Today's Cost of the Wool Alone

Width, 54 to 56 Inches

$1.98 A Yard

Everyone knows that worsted will wear almost twice as long as any other pure wool fabric. The men's suits which we made from Stillson Worsted also are guaranteed to wear one full year—which proves how much confidence we have in the strength and durability of this fine material. All Pure Virgin Wool; threads tightly twisted and woven into a sturdy, heavy yet soft fabric. It is 54 to 56 inches wide—the most economical width for tailoring. For overcoats and suits for men or boys; for heavier winter dresses for women or children; and especially for warm, long wearing coats for women, girls and boys, this is one of the best materials you could buy at any price.

Orders Shipped Within 48 Hours

Our new system of filling orders is now over one year old. And after one year's successful operation we can say to you with certainty: "Your orders will be shipped in less than forty-eight hours."

So when you order from Montgomery Ward & Co. you know you can expect prompt, accurate service.

Forty-eight hour service is our promise. But we do better than our promise on a great many orders.

Actually, we ship a large percentage of orders within 24 hours after they are received. Our records prove that our new system has enabled us to give this quick service to our customers for over a year.

Occasionally an order is unavoidably delayed. We try to see that this happens but very seldom. And this season our service will be nearer perfect than ever before. So we are conservative in saying to you—"Your orders will be shipped in less than 48 hours."

You can order from this catalogue with full assurance of complete satisfaction. You know you will get Right Goods—the Lowest Possible Prices for goods of dependable quality, and you will get quick, accurate service.

It is therefore a matter of money saving and personal satisfaction to send all your orders to Montgomery Ward & Co.

"Better Than You Say"

"Looking through your catalogue is just like going to a store and looking over the goods, for you never exaggerate or misrepresent your merchandise. If anything, the goods are even better than you say.

"The goods I buy from my local store can not compare in either price or quality with the things I buy from Ward's."

Best for the Price

"The merchandise I have received from Montgomery Ward & Co. can not be beat for the price, and I have been well pleased with everything I have bought.

"I have a Stillson Serge suit for which I paid $17.85, and it is the best suit of clothes I ever had at anywhere near that price."

Louis Howard,
Thorsby, Ala.

Your Orders Shipped in Less Than 48 Hours

The Guarantee Is Good

"I am so well pleased with my last order that I feel I owe it to you to tell you. The way you have handled all my orders is proof that your guarantee is good, and the many orders I have sent you is proof of my confidence in you. If an error ever does occur, Ward's corrects it, and if goods are not completely satisfactory, Ward's makes them so."

Your Orders Shipped in Less Than 48 Hours

Satisfaction Since 1885

"I feel that I am an Old Customer for I sent my first order in 1885. I have sent four or five orders a year ever since, and have never received one that was not satisfactory.

"In the old days we did not expect our goods for a week or ten days, but now your service is perfected, and we usually get them in from four to six days."

Excellent Service

"Please accept my sincere thanks for your excellent service and your kind and courteous treatment of me. I have always been very much pleased with Montgomery Ward & Co. service and even more so with the goods.

"It has always been a real pleasure for me to deal with you and I am sure others would find it so, too, were they to try your service."

Josiah C. Cartwright,
Mendon, Mich.

What Our Customers Say

A Pleasure to Shop at Ward's

"We wish to thank you for your prompt and efficient service during the past year. This, coupled with the wonderful values in the merchandise you send out, make it indeed a pleasure to shop with Montgomery Ward & Co."

John P. Boyle,
Macomb, Ill.

Ward's Quality Always Better

"I save about one third on everything I buy from you, and it is always better than I can get here at a much higher price.

"I saved almost half on the belting ordered. The price here was $1.28 per foot, while you charged only 66¢."

Henry H. Lawhon,
Carthage, N. C.

Better Goods for Less Money

"I have dealt with Montgomery Ward & Co. for 17 years, and I am perfectly satisfied that I have received a better grade of goods for less money than I could have bought anywhere else."

John Cunningham,
Roseville, O.

The Best Goods Come from Ward's

"I received the goods that I ordered and was well pleased with them. They are the best goods I have ever ordered from any mail order house. Everything was of good quality, and everything arrived in fine shape. Thank you very much."

Mrs. Martha J. Conley,
Dingus, Ky.

Ward's Shoes Fit Perfectly

"We have purchased at least a dozen pairs of shoes from Montgonery Ward & Co. during the last few years; they have always fitted perfectly, and the quality has always been better than we could get anywhere else at that price."

Clara R. Meyer,
East Sparta, O.

Better Service—Bigger Bargains

"I can get bigger bargains and better service by buying from Montgomery Ward & Co. I can save just about one third of my money and I am always more than pleased with the goods I receive. Thank you for your quick shipment and square dealing."

Mrs. A. S. Callier,
Equality, Ala.

Squarest Treatment from Ward's

"I have bought goods from many mail order houses, and I can truthfully say that I have had fairer, squarer treatment from Ward's than from any place else. When I am in need of anything from Chicago, it will come from Ward's."

Mrs. Lula I. Barron,
Alabama City, Ala.

Order Took Only Four Days

"I surely was pleased with the goods I received today, and also surprised to get them so quickly. I only sent the order on Tuesday and received the goods on Friday."

Mrs. Harley Craig,
Dalton City, Ill.

Half a Century of Satisfaction

"Our family has dealt with you ever since you started in business in 1872. We have always found Montgomery Ward & Co. honest and truthful; the goods are always as good or better than they are advertised, and we always got all our money's worth or more."

Charles W. Evans,
Cherokee, Ia.

Costs Half as Much at Ward's

"I want to tell you that everything we have ever bought from you has been perfect, and cost just one-half what it would here.

"We feel sorry for the people who have not yet discovered the Montgomery Ward & Co. way of buying."

Marion Apple,
Farmersburg, Ind.

"Double My Money In Value"

"The drinking fountain arrived safely and I was more than pleased with the way you filled the order. It is the first time I ever got more than double in value what my order or money called for. If the well wishes of an old man 65 will be accepted, you certainly have mine."

W. E. Chase,
Lockport, N. H.

Goods Exactly as Represented

"It is a great boon to people living far from cities to be able to select goods moderate in price, knowing they will be exactly as represented. The little time it takes to get them is amply repaid in the satisfaction of getting just what you paid for and genuine values."

Robert Ranson,
Canal Point, Fla.

Saved $15 on a $25 Order

"Our order received yesterday and we were more than pleased. The goods were of the best quality and the saving was about $15. I call that pretty good in a $25 order. I have bought from you for years and always had that pleasing satisfaction."

A. J. Bonen,
Iron Mountain, Mich.

Ward's Catalogue a Price Guide

"When I wanted a pipe wrench I went to my hardware store and priced an 18-inch Stillson. It was $2.50. In your catalogue the same wrench was $1.00. I ordered a 24-inch wrench from you and it cost me just 6¢ more including postage, than the local price for the 18-inch wrench."

F. W. Ashcraft,
Marshville, N. C.

Goods as Advertised or Better

"I have dealt with you for several years, and can truthfully say I have never received inferior goods, or waited unnecessarily long for an order to reach me. All your goods are as advertised or better, and anyone can save money buying from you."

H. L. Moon,
Russell, Ky.

Ward's Service Quickest by Far

"I wish to commend your promptness in filling my last order. I mailed the letter on Monday, and on Friday the goods were delivered to our rural delivery box. This is the shortest time by far in which any mail order has ever reached me."

William J. Gammon,
Wilmore, Ky.

It Is Easy to Order from This Catalogue

For your convenience when ordering, we have inserted several order blanks in the back of this catalogue. Write your orders on them. You may, however, use any plain sheet of paper if you prefer. Be sure to give us the necessary information to enable us to fill and ship your order promptly.

Please Order Under One Name for the Entire Family

All orders for each family should be made out in the name of the head of the household, and the name should be written plainly and in full. For instance—if you usually write your name John J. White, do not sign J. J. White. This will enable us to keep our records correctly. Give your post office and state. If you live in town, give street and house number; if you live in the country, give rural route and box number.

How to Order

Go through this catalogue, select the articles you want and write out the following information:

1. Give article number of each item, quantity desired, name of article, size, color, price and other information according to merchandise ordered.
2. State the exact amount of money sent us with your order. Send remittances in the form of post-office or express money order, bank draft, or personal check. If you should send cash send it by **registered** mail, securely folded in heavy paper.
3. Be sure to give complete shipping instructions. There are three methods of transportation—parcel post, freight and express. If you want your order shipped by parcel post or prepaid freight or express, send additional amount for transportation charges. Give shipping point if different from Post Office.

Ward's—The Easy, Pleasant Place to Trade

We have tried to make buying at Ward's as easy and pleasant as it is profitable. On many articles shown in this catalogue we tell you the amount to send for postage so that it is not necessary for you to figure it. Postal information on Page 383.

Unmailable Articles—A few drugs and explosives or poisonous articles are not mailable. They can be shipped only by freight or express. These articles are so marked in the description.

How To Return Goods

1. To return by parcel post, pack securely in heavy paper and tie with a strong cord.
Address the package to us and write your name and address on it. See illustration.
Write a letter telling why goods are returned and what we are to do. Enclose this letter in an addressed envelope. Seal the envelope and paste it on the package under the string, as shown in the picture. Do not seal the package.
Place a two-cent stamp on the envelope and sufficient postage on the package.

2. To return goods by express or freight be sure that your name and address are on the package or crate. Enclose the agent's receipt in your letter and mail it to us.

3. If the merchandise was shipped to you direct from one of our factories, be sure to write us for shipping instructions before returning.

Helpful Service for You On Freight Shipments—Take Advantage of It!

We maintain a force of expert freight clerks for your convenience. Use them. If you are thinking of buying some article, and want to know what the freight charges will be to your station, write us.

We pack all merchandise so the shipment will cost you the lowest possible amount for transportation charges—but we always consider first the safety of the merchandise and your satisfaction. Every article is packed to reach you in good condition.

How to Estimate Freight Charges

First, find the classification of the article in the Freight Classification below. If the article is not listed, take the classification of one similar. Now find your nearest city in the Freight and Express Table on the next page and use the rate under the class of your article. If your town is not shown in the rate table, figure from the town nearest to your station. Then multiply the rate by the weight of the article given in the catalogue description.

The merchandise described as shipped from a factory takes the rate from the city where the factory is located, to your town. We will be glad to tell you the exact shipping charges on any article, if you will write to us for information.

Example: Suppose you live in La Crosse, Wis., and want to find the freight charges on a stove or a hand pump, or a tank heater—or any item shipped by freight from stock in Chicago. This merchandise takes 3rd class rate from Chicago, and the 3rd class rate to La Crosse is 51¢ per 100 pounds. If the merchandise weighs 350 pounds, the charges would be 3½ times 51¢, or $1.79.

Minimum Freight Charges Are Based on 100-Pound Shipments

The minimum freight charge of the transportation companies is based on 100 pounds. It is therefore to your advantage to include enough articles to make your order weigh at least 100 pounds, because you pay freight for that amount whether your shipment weighs 10 pounds or 100 pounds. Over 100 pounds you pay freight for only what you get. Thus, if 100 pounds cost you 60¢ for freight, 110 pounds would cost you only 66¢.

When several articles of different classifications are ordered, the freight rate is based on the highest classed article.

Freight Classification

The classification is not the same throughout the country, and the classes are given below under three heads.

WESTERN CLASSIFICATION applies to
Illinois Iowa Missouri Wisconsin

EASTERN CLASSIFICATION applies to
Connecticut, Delaware, District of Columbia, Indiana, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, Vermont, Virginia, West Virginia

SOUTHERN CLASSIFICATION applies to
Alabama, Florida, Georgia, Kentucky, Louisiana (East of Mississippi River), Mississippi, North Carolina, South Carolina, Tennessee

Explanation of Classification

1st means 1st Class Rate
1½x1st means 1 and ½ times 1st Class Rate
2x1st means 2 times 1st Class Rate
2½x1st means 2 and ½ times 1st Class Rate
3x1st means 3 times 1st Class Rate
4x1st means 4 times 1st Class Rate
2nd means 2nd Class Rate
3rd means 3rd Class Rate
4th means 4th Class Rate
5th means 5th Class Rate
6th means 6th Class Rate
KD means Knocked Down

Freight Rates on Factory Shipments

Many articles we sell—especially heavy or bulky goods, are shipped direct from one of our factories in order to save you handling charges. Therefore when figuring freight charges on factory or warehouse shipments, remember that you pay freight charges from point of shipment and not from Chicago. The catalogue description tells you when an article is to be shipped from factory or warehouse. When in doubt about freight charges, write us—we will gladly give you further information.

How to Estimate Express Charges—Freight Charges Shown on Opposite Page

This is an official scale of Graduated Express Charges.

These rates were in effect when this catalogue was printed. They are subject to change.

First refer to the table on the next page under heading "Table Showing Freight and Express Rates," and find the express rate to your nearest station.

In the column below under your express rate for 100 pounds, will be found the amount you will have to pay on express shipments from 1 to 50 pounds. If the exact weight of your goods or the rate to your station is not shown, refer to the next higher rate or weight and the result will be within a few cents of the correct charge. For example, if you find by referring to the table on Page 383 that the rate to your town is $3.67 per 100 pounds, and your packages weigh 15 pounds, the express charge will be 84¢, except on groceries. The charge on foodstuffs is one-fourth less than the charge on other merchandise.

Express is a quick and safe method of shipping. The express agent in your town will explain his company's service, and will tell you the correct charges on any shipment.

When the Rate Per 100 Lbs. Is	92¢	$1.03	$1.25	$1.59	$1.94	$2.28	$2.63	$2.97	$3.33	$3.67	$4.02	$4.36	$4.71	$5.05	$5.41	$5.75	$6.44	When the Rate Per 100 Lbs. Is

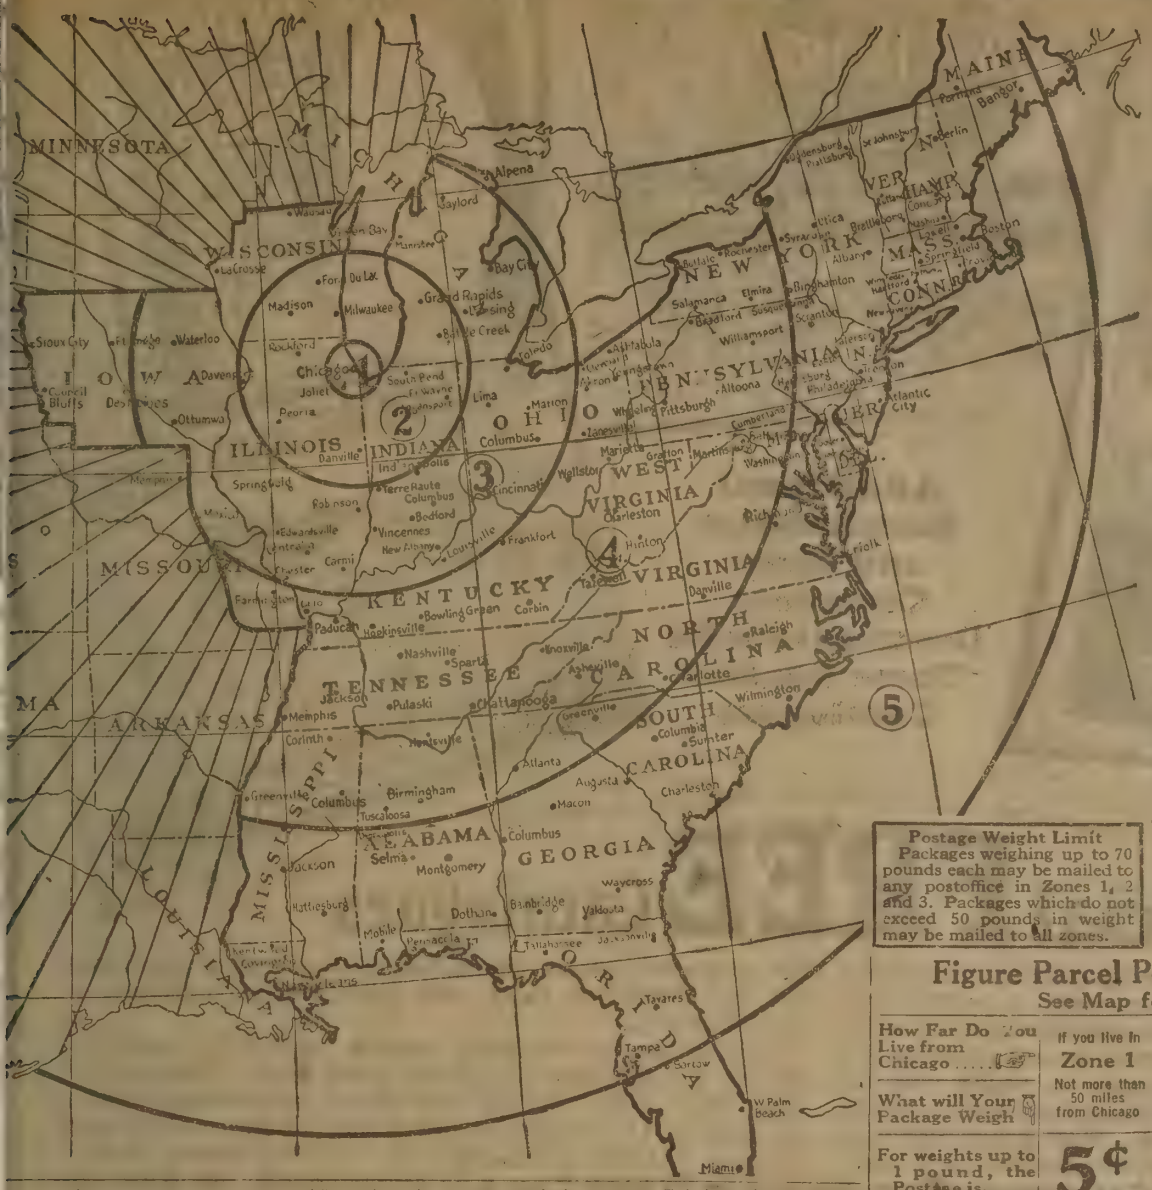
Parcel Post Charges Explained Here



ON this page we give the necessary information to enable you to figure correctly the parcel post charges on merchandise you order from this catalogue. The parcel post map shows the territory served by our Chicago House—the circles representing zones. The scale of parcel post rates shows the charges to the various zones for packages of any mailable weight. Before writing out your order, be sure to read instructions on Page 382, "It Is Easy to Order from This Catalogue."

Make Out Your Order and Figure the Parcel Post Charges as Follows

Go through this catalogue and make out your order. You will notice that in each description we tell you either how much to send for postage or we give the weight of the article packed for shipment.

To figure the parcel post charges on the articles for which we do not give the postage—

1. Add up the weights of the articles to find the total weight.

2. Refer to the map on this page and find the zone in which you live—either by locating your own town, or the one nearest you shown on the map.

3. Then look in the table below. In the column for the zone in which you live the upper figure pays the postage on one pound of your order, the lower figure is the postage for each additional pound. The Example under the chart tells you just how to figure it.

Add to that figure the amounts of postage for the other items on which we tell you how much to send—and you will have the proper total for postage to include with your remittance.

Postage Weight Limit
Packages weighing up to 70 pounds each may be mailed to any postoffice in Zones 1, 2 and 3. Packages which do not exceed 50 pounds in weight may be mailed to all zones.

See Map for Zone in Which You Live

How Far Do You Live from Chicago.....	If you live in Zone 1 Not more than 50 miles from Chicago	If you live in Zone 2 Over 50 miles—not more than 150 miles from Chicago	If you live in Zone 3 Over 150 miles—not more than 300 miles from Chicago	If you live in Zone 4 Over 300 miles—not more than 600 miles from Chicago	If you live in Zone 5 Over 600 miles—not more than 1000 miles from Chicago
What will Your Package Weigh					
For weights up to 1 pound, the Postage is.....	5¢	5¢	6¢	7¢	8¢
For each additional pound or fraction of a pound, add.....	1¢	1¢	2¢	4¢	6¢

Example If you live in the third zone and order merchandise weighing 10 pounds, the parcel post charge is 6¢ for the first pound and 2¢ for each of the nine additional pounds (18¢) making a total of 24¢.

How to Find the Postage on Any Package Going Anywhere

To find the parcel post charges on any package you are mailing from your home o any town within 1000 miles—use the chart at right, locating the proper zone by inding at the top of the column the approximate distance the package is to go. In ther words, use the table as though the name of your town were printed there, in lace of "Chicago." Then figure the postage as told in the Example.

Special Coffee Offer

Ward's Finest Brands

Postage Free!

We Will Pay the Postage On a Trial Order Besides Saving You Money On Your Coffee

WE feel that if you could taste a cup of this fine, Freshly Roasted Coffee, made in your own favorite style, you would always want Ward's Coffee, particularly when you figure what you can save by buying here. We are proud of the quality of our coffee and we want you to try some of it. Read the interesting letters below. We receive hundreds of letters from customers telling us how much they enjoy our coffee. These letters are all printed with the permission of the writers. We are willing to go out of our way to make sure that you do try Ward's Coffee, too, so we are going to disregard our profit and even pay the postage on your trial order, so that you can prove to your own satisfaction that it is not necessary to pay fancy prices to get good coffee.

Choose from our Two Most Popular Brands

In this offer we give you your choice of our two most popular brands—Golden Ray or Triangle Club. For an exceptionally good coffee at a reasonable price, you can not go wrong in ordering Golden Ray—a mild, well flavored coffee that will please the taste of the most particular coffee drinker. Furthermore, the price is far below what you would ordinarily pay for an equal grade. This brand of coffee is now enjoyed in thousands of homes everywhere.

And as for Triangle Club, it is as good as any coffee that can be produced at any price. You pay more elsewhere, but you do not get better coffee. Remember that! Triangle Club, specially blended, rich, full flavored, has an appetizing aroma and is of excellent strength. Therefore, a pound will go further than most coffee. It is the choice of thousands of particular housekeepers, and we are offering it to you in this offer at 35 cents per pound.

Why You Can Buy Better Coffee at Ward's

First, our coffee buyers select only the choicest of the green coffees for our roasters. Next, it is carefully and scientifically roasted; and whether you buy one pound or a hundred pounds you know it is fresh, clean, and nothing but coffee—**pure, unadulterated coffee.** And here is something important. Every pound is roasted just before it is packed; and while the coffee is still hot it is poured into flavortight packages, so that every particle of the rich coffee oil is preserved. This distinctive flavor is so noticeable that you need use less than a tablespoonful for every cup—for Ward's coffee is almost double strength. In other words, you get more cups per pound, and that is what you want! You should not judge the quality of our coffee by the low price. Price is a secondary consideration with Ward's; **quality** always comes first. This applies not only to coffee, but to everything in our entire catalogues. For over 50 years we have guaranteed satisfaction or your money back.

Always Buy Your Coffee in the Whole Bean

Any coffee soon loses its strength and flavor when it is ground, unless it is kept in airtight containers. For this reason you should buy your coffee in the whole bean, and grind only as much as you need, and only when you are ready to use it. And remember, this applies not only to Ward's Coffee, but to all coffee. The coffee we offer here is **not ground.**

What Our Customers Say About Ward's Fresh Roasted Coffee

Excellent Coffee

"Your Golden Ray Coffee is excellent. I have used a good many pounds of it and find it equal in strength and flavor to coffee that our grocer sells for 45 cents a pound. You have my permission to use this letter for advertising as I am anxious to pass this good word on and feel sure that anyone once using your coffee will never ask for another brand."

Mrs. Roy Dixon,
Decatur, Mich

Best You Can Buy Anywhere

"We have used Triangle Club Coffee for the last 30 years and we believe it is the best coffee you can buy anywhere. We recommend the quality very highly. The price sure saves us money, too."

Herman Harnacke, Sr.
New Holland, Ill.

"I will say that your Coffee is the best I have ever tasted. I have paid as high as 45 to 50 cents for coffee not near as good."

F. E. Anderson,
Wellington, O.

Used Golden Ray for 13 Years

"We have used Golden Ray Coffee for the past 13 years. It is excellent quality and the flavor is fine. We can not buy such coffee here at any price."

E. M. Payne,
Maynard, Ia.

"Your Coffee is just grand. To tell the truth it is the best I have ever tasted in 10 years and so low in price, too."

Jeffrey N. Hatheway,
Poughkeepsie, N. Y.

Prefers Ward's Coffee to Any Other Brand

"I have been using Golden Ray Coffee for some time. It has an appetizing flavor and is just strong enough to make it enjoyable. For my part give me Golden Ray Coffee in preference to any other brand regardless of price."

C. C. Chrisman,
Martinsburg, Mo.

"I was more than pleased with the coffee. It is excellent and furthermore I must say those people who have not used Ward's coffee are certainly missing something."

F. E. Mueller,
Weyauwega, Wis

Equal to Any Coffee Regardless of Price

"I have used your Golden Ray Coffee for nearly 2 years and find it equal to any coffee I have ever used regardless of price. I would not hesitate to recommend it to anyone no matter how discriminating their taste might be."

C. H. McMillen,
Alden, Ia.

"We use your Coffee and like it very much. We enjoy the flavor better than any coffee we can buy at local stores here regardless of price. It is always so fresh and fragrant."

Robt. F. Eakin,
Jollytown, Pa

Can Not Beat Ward's Coffee

Golden Ray Coffee can not be beaten. It is one of the best grades of coffee that can be bought for the money. It has such a fine flavor that all of our friends ask what brand of coffee we use. They ask the price and when we tell them they can hardly believe it. We have bought Golden Ray coffee for a good many years.

Ransom A. Jakubowsky,
Muskegon, Mich

Larvex New Moth Spray

$1.89

You can not afford to put your clothes away without first thoroughly protecting them from moths. Millions of dollars are lost each year from the ravages of this pest. But the housekeeper need worry no more. Larvex—a newly-perfected moth spray—is a safe, sure protection. It is now used by many clothing manufacturers, who treat the cloth with Larvex during the sponging process. But now it has been put in spray form and can be used by anyone, and even on the most delicate fabrics. **On account of extra long hair, and thickness of hide, this solution is not recommended to be used on furs.** Shipping weights: 1 quart, 5 pounds; 1 pint, 2½ pounds.

Special Information on Elastic Stockings

Only the best materials are used in the manufacture of these stockings. Hand woven from rubber covered threads interwoven with silk or cotton.

Elastic stockings should never be exposed to anything greasy, such as ointments or liniments. Wash only in luke warm suds, using castile soap. Rinse thoroughly and dry between towels.

To make elastic stockings and leggings properly, 6 to 8 days are required and this time should be allowed when ordering. Since they are made according to the measurements you give, they have no value to anybody with different measurements and therefore can not be returned.

Woven elastic garments are especially desirable in the treatment of varicose veins for preve ting rupture of veins. Frequently used to protect healing broken limbs after cast has been removed.

Take measurements when limb is not swollen. Give snug measurements but do not draw tape so tight that it binds.

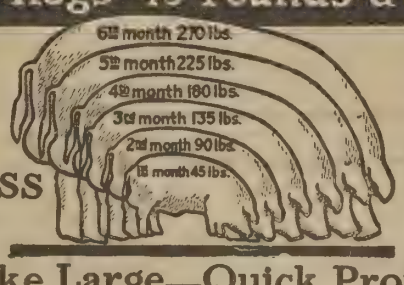
Wonderful New Discovery

Fattens Hogs 45 Pounds a Month!

Faster Gains With Less Feed



Many Times The Profit

Make Large—Quick Profits

Lambert's Lictonic

No more expensive feeds—high priced tankage, etc. No more conditioners, tonics, medicines—Lambert's Lictonic guards against runty hogs, rickets, weak pasterns, breaking down in back, scours, paralysis, or soft pork. It also helps to prevent dead litters, thumps, pig eating and non-breeding sows.

A dark, compact, compress cake containing minerals, protein and medicinal elements. It is windproof and waterproof. You simply place the cakes where the hogs and stock can get at them.

What Actual Tests Prove

Think it over! In less than half the usual time—in six short months—you can feed out hogs that will tip the beam at 270 pounds—actual tests prove this. Great, big, large boned, firm fleshed, smoothly finished porkers that would ordinarily take fourteen months to produce. And with less than six bushels of your own home grown corn per hundred pounds of pork.

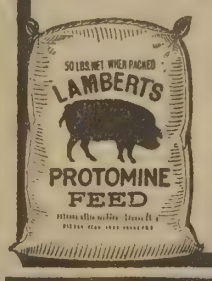
No matter what results you may be getting now from your hogs, your profits can be greatly increased. And if at present you are getting poor results you can put hog raising on a profitable basis. State Agriculture tests prove it. Thousands of recent users recommend it.

For Cattle, Sheep and Horses

For Cattle: The profits derived from one cow by the use of **Lictonic** should pay for the **Lictonic** consumed by 8 or ten animals.

For Sheep: Insures sheep free from worms and assures maximum development at a minimum expense.

For Horses: **Lictonic** should be kept constantly before the stud, mare and colt. After colt is dropped it is indispensable to the mare.



Greater Profits

Feed ten hogs 12 bricks each for 90 days—each hog should gain 15 pounds more each month than they are now gaining. Just stop and consider what this means—figure your additional gain at only 6¢ a lb. and you will have increased your profits $26.00 in this short time. Take 10 hogs—pen them off from the rest—feed them Lictonic—one trial will convince you.

Lambert's Protomine Feed

Lambert's Protomine Feed is a worthy companion to **Lambert's Lictonic.** It is the greatest hog fattener that money and skill has so far produced. It contains, in proper proportions, those minerals and proteins which the recent carefully conducted experiments of the Agriculture Experiment Station have proved so essential to the health of all live stock and particularly needed for the safe, rapid and economical finishing of hogs. Feed it with your home grown grains; it furnishes the protein that builds muscle, bone, cartilage, skin, bristle and hoof.

Use Lambert's Protein Mineral Feed when preparing sows for breeding and during pregnancy. This gives assurance that the litter will be larger, stronger, and thriftier than if given corn or grains alone. Read our free circular, New Secrets for Feeding. Send for a copy today.

Try This New Method

Feed your hogs Lictonic and Protomine. If fed properly with this combination your hogs should gain an average of 45 pounds a month from birth to maturity. Try this new method and greatly increase your profits.

How to Save on Each Order

Save not less than $15.00 on each order by getting your neighbors to pool their orders with you in quantities of one gross Lictonic and 500 pounds Protomine.

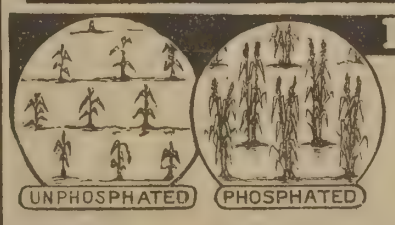
Phosphate Rock



Corn belt soils need phosphorus. The best yield per acre is made possible by adding to the soil that element, phosphorus, which usually is lacking. The inexpensive form in which to buy this element is Phosphate Rock. Experimental Stations highly recommend the use of this low priced plant food and it is easily applied.

Phosphate rock enriches the soil not only because of the plant food it contains but also by making the plant food already in the soil more readily available for the use of growing plants. For an increase in crop yields use phosphate. **For prices and information send for free circular.**

Humogerm

A legume culture of nitrogen at low cost. Makes the acre worth more dollars. Puts nitrogen in soil at minimum cost, increasing value of your legumes and all crops that follow. Humogerm treated roots will deposit 150 to 200 pounds of nitrogen to the acre.

Disinfectants

Scabolin Dip

Not Mailable

A Dip and Disinfectant for All Live Stock. Scabolin Dip and Disinfectant is an inexpensive healing, and non-irritating mixture recommended for making dipping solutions for stock.

Full directions given on label of each container.

It has been proven on many farms that the regular use of Scabolin Dip as a dip and as a spray for stables, hog pens, barn yards and chicken houses, greatly reduces the losses from contagious diseases.

This Dip can not be used with alkali water.

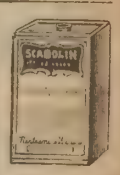
Scabolin Fly Oil

Not Mailable



Cows bothered by flies lose in weight, and give less and poorer quality milk. Cost of feeding is half lost if you fail to keep the flies away.

Spray with Scabolin Fly Oil and notice your cattle take on weight; notice how much more milk you get and how much richer it is. You will find milking easier, also, as a cow can stand still if not constantly bothered by flies. Constant stamping to chase flies is frequently a cause of lameness. Drive the flies away with Scabolin Fly Oil. It does the work. Shipping weight, per gallon, 12 pounds.

For Gifts—Ivorette

To give her Ivorette is to pay a rare tribute to her charm and loveliness. The beauty of Ivorette toilet and dresser pieces will appeal to her instantly, but even more will she be gladdened by the thoughtfulness which such a gift expresses. Ivorette pieces are made of the delicately grained, ivory tinted celluloid, formerly known as "French Ivory." Each piece is gracefully designed in a popular pattern and is a perfect gift in itself. Other pieces may be added at any time. The smooth, creamy surface is delightfully easy to keep clean and will wear indefinitely.

We Mount Any Initial on Pieces as Shown, Free

Marked with the initial of the owner, Ivorette toilet and dresser pieces are doubly desirable. Any initial will be mounted on the larger pieces free of charge. The delicately tinted ground may be had in blue, buff or green. **State initial and color wanted.** Smaller pieces, such as manicure articles, salve jars, picture frames, can not be marked, successfully, as the ivory surface is too narrow.

Mary and Her Little Lamb

Mary had a little lamb,
Its fleece was white as snow,
And everywhere that Mary went,
The lamb was sure to go.

And here they both are, waiting to play with you. Mary is 14 inches tall and she wears a coat with leather belt, a fashionable plaited skirt and a straw hat. She is jointed at hip and shoulder, has glass sleeping eyes and curly mohair wig. The Lamb is 9 inches long and is mounted on a wheeled platform. He wears his own little coat of real wool with a fancy gilt collar. When you pull down his head, the lamb says "B-a-a-h." Has lifelike glass eyes.

Have a Railroad All Your Own

No matter how young you are you can be president of one of these handsome railroads. They surely make speed—that's why they are called **American Flyers.** And, as you save your pennies and nickels and dimes, you can buy more track, some switches and the other articles shown on page 418, so your railroad system will be just as big as you want it. Then you can spread your train from one room to another and play "round trip"—from Chicago to New York and back.

$3.98 Length of Track, 72 Inches

Boy! Look at the load this locomotive pulls—a tender, a mail car and three passenger trains. That's because it is one of the strongest engines made. And it does some speedy traveling, too, to get around this big track in such a hurry. There are 18 pieces of track and a crossover, and when laid out in figure eight as you see it, measures 72 inches long and 26 inches wide. Engine is 6¼ inches long; mail and passenger cars are each 5⅝ inches long. Strong clockwork spring.

This Fast Freight Sets New World Records Every Day

$3.69

You could not wish for a string of freight cars that would seem more real than this one. Think of the cities you can build up around the edges of the big oval track measuring 50 by 31½ inches; and of the cars constructed to carry all sorts of loads from point to point on the route. A fine signal adds greatly to the fun. It is 10¾ inches high, with imitation green and red glass and wick lamp. Signals are regulated from the base of the signal. The full length of the freight train is 40 inches. The engine is 7½ inches long. It has automatic couplers; extra heavy, strong clockwork motor; start and stop lever in engine cab, and is realistically trimmed in nickel plate. The train consists of locomotive with tender, two freight cars and oil tank. If desired, the track may be enlarged by buying sections of No. 48 E 22 track shown on page 418. Toot-Toot-Too-oo-o-t! Look Out for This Speedy Mechanical Passenger Train

$4.39

You'll want to call this train "The Lightning Express," "The Chicago Limited" or the "The Midnight Flyer" or something that sounds equally as fast. Warn all points ahead to keep the track clear when this train starts. There's a reason. It can take the curves with such exciting speed because of the strong spring in the iron engine. The track is equipped with a brake and the locomotive has an automatic stop in the cab. And, of course, such a fast train would have a brake. The tender, baggage and passenger cars are made of light steel, nicely enameled. They will carry any loads you put in them. The full length of the train is about 36 inches. The track forms an oval, 27 by 55 inches. By purchasing extra pieces of track, switches and crossovers shown on page 418 you can make your railroad as large as you want it. You will be proud to be traffic manager of such a fine railroad as this one.

Pennsylvania Railroad Fast Freight Train—A Record Breaker for Speed

$2.39

You wonder why we called this train the Pennsylvania Fast Freight, but wait until you see it run. Just load up the cars, wind the engine—and whizz—she's off. When you see her come tearing around the curves, you will know she is some train for speed. There is a coal tender, sand car, a box car and caboose, all made of light steel, nicely enameled. Full length of train, about 31 inches. The strong spring keeps it running for a long time with one winding. Oval track is 120 inches in circumference.

You can easily make your railroad more complete by the addition of more track, No. 48 E 22 and 48 E 23, switches, No. 48 E 26 and crossover 48 E 27, all shown on page 418. By adding the water-tank, semaphore and depot included in No. 48 E 20 you can have a complete freight yard with switches and detours. Or you can build up cities at different places on the route and ship your freight from one to another.

Length, 30 Inches

Clear the track for the Shooting Star! Look out everybody! Here it comes! Down the gleaming white track, straight as an arrow, and—swish—it is gone, leaving all the other coasters far behind. Sliding faster and farther than any other sled in town. No wonder all the boys want Shooting Star Speedster Sleds. They steer easily. When you put your hands on the steering Bar you know that your Shooting Star will hold straight to the track and take the hardest curves without slowing or tipping. It is light—that is the reason it can go so fast—and it is strong. Top is made of hardwood nicely varnished, and the runners are of high quality hardened steel. It will carry heavy loads easily and come bravely through winter after winter of real coasting.

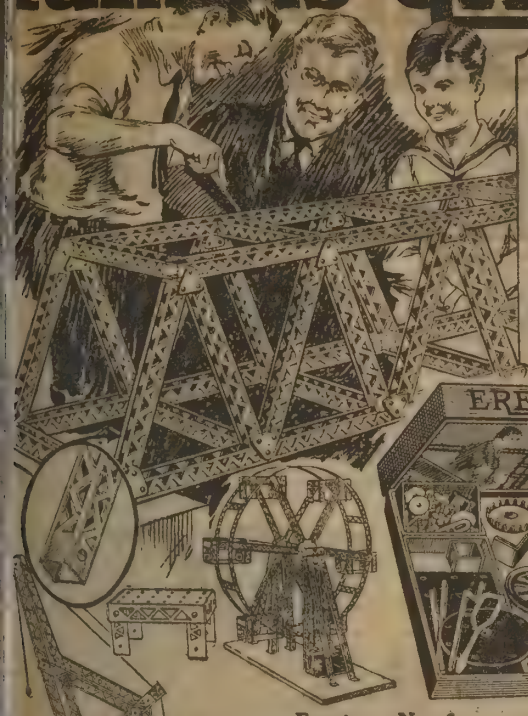
Famous GILBERT Educational Toys



Erector No. 4—The Toy-Like Structural Steel

The Erector is a toy you will never get tired of—you can build skyscrapers, bridges, battleships, cranes, elevators and all sorts of machinery—something new every day. You are sure to be delighted with Erector. It is a genuine construction toy and it is the only one that has real square girders as shown in the small oval at the left. The gears, pinions, pulleys and many other parts are real, too, just the sort used by engineers. Hundreds of models are illustrated in the big book that comes with each set. You can originate your own models—make anything you want to. A motor, all assembled, comes with each set, ready to run the models you build. The motor may be operated on batteries or through a transformer on house current and may be geared to run fast or slow.

Famous No. 4 Erector, packed in wood box, 22 by 8¼ by 2½ inches with assembled motor and new 64-page book of big models.

Good Books from Montgomery Ward & Co.

When you buy Books from Montgomery Ward & Co. you are buying in one of the largest book stores in the country. Our stock includes practically all the standard books you could buy at any book store, with this difference—they cost you less here.

Because of the great volume of our sales, we often make special arrangements with publishers to get books practically at the actual cost of publishing. Frequently we are able to offer them at just about half what you would pay elsewhere.

Montgomery Ward & Co. built up this mighty volume of sales by studying the reading wants of its customers and supplying them.

We were first to provide good books on subjects written in simple non-technical terms that even the layman might understand. Many correspondence courses are now offered—books of such a practical nature that they take the place of a long, expensive course with a teacher. In the same way we have discovered the books most wanted in every field, and when they were not available in low priced editions we had special editions printed.

I believe good reading to be the foundation of knowledge and power. This department is dedicated to providing Ward's customers not only with good books but at prices lower than you would pay elsewhere.

DUKE HILL,
Manager, Book Department.

James Oliver Curwood

The Valley of Silent Men

Men and women learn to face life and overcome difficulties with a cool fearlessness in the great outdoors. Sergeant Kent, the best mantrapper in the Royal Mounted, on what he thought his deathbed, branded himself a murderer and set another man free. But he recovered, and hanging stared him in the face.

They are human, these characters of the out of doors whom Curwood creates. In The Valley of Silent Men the Canadian sergeant and the beautiful mystery girl whom he loves, will thrill even the man who seldom reads novels.

Golden Snare	Gold Hunters	River's End
God's Country and the Woman	Back to God's Country	Courage of Marge O'Doone

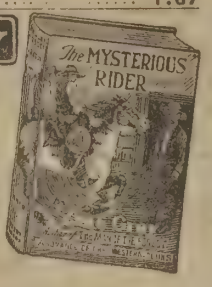
Zane Grey



The Mysterious Rider

"Hell Bent" Wade, they called him at the ranch. A gun-fighter so fierce, so sure, he was the envy and dread of cowboy and rancher alike. Yet there was in him an unusual chivalry and gentleness toward women.

A powerful love story which takes you into the very heart of the West. For a few hours you live in the shadow of the western mountains, smell the odor of sage brush and hear the sweep of the wind across the plains.

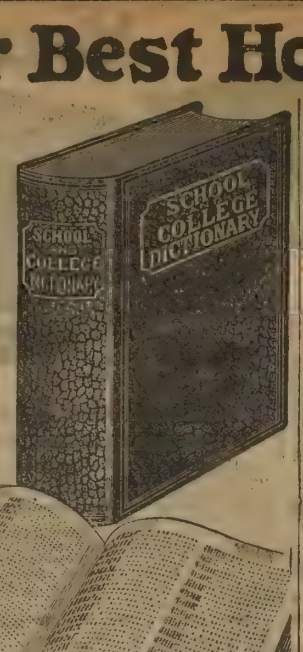
School and College Dictionary

$1.48



A thoroughly reliable and strictly up-to-date reference work, suitable for home, school or office. It is based upon the broad foundation laid down by Noah Webster, Ll. D., revised and made modern under the auspices of the American Board of Lexicography. Editor-in-chief, George J Hagar.

The Dictionary proper is compact in form and contains an unusually large vocabulary, with definitions which really define. Wherever an illustration or diagram would help make the meaning of a word clearer, you will find one. Many new words and special features have been added to this edition.

In addition to the dictionary proper, there are 192 pages of valuable information. The following exclusive departments are worth considerably more than the price of the entire volume:

Standard English by Percy W. Long, Ph.D., Harvard University.

Practical Syntax by F. S. Lunt, of Columbia University.

Etymology by C. S. Northrup, Ph. D., of Cornell University.

The Evolution of English Dictionaries by John C. Rolfe, University of Pennsylvania.

Printed on thin paper in good readable type. Imitation black seal binding; flexible; red edges, title stamped in gold: size, 5½ by 7½ inches; 976 pages.

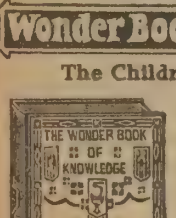
Wonder Book of Knowledge

The Children's Encyclopedia
In One Volume

$1.98



Have you ever wondered:
What causes an echo?
Why we get hungry?
Why some of us have freckles?
What makes teeth chatter?
What causes a lump in a person's throat?
Why a duck's back sheds water?
Why a lightning bug lights her light?

The mysterious processes of nature are simply and scientifically explained in the Wonder Book of Knowledge. And here, too, you will find the everyday wonders of modern industry accurately described:

The story of rope.
The story of a pin.
The story of the making of a pair of shoes.
The story of the Panama Canal.
The story of the Talking Machine.
The story of rubber.
The story in a honeycomb.

All this information, and much more, is gathered together in one convenient volume, clearly and interestingly told in a way that will fascinate the children and interest the grownups. An education for the entire family at small cost. Regarded by many as the perfect home teacher. 605 pages

Recipe Cabinet

69¢

10 Cabinets $5.00

Where is the old fashioned housekeeper who hid away her recipes in awkward broken back scrap books? Gone, as surely as the smoky oil lamp by which she tried to separate the confusion of meat, soup, salad and dessert recipes.

The up-to-date housekeeper insists on more systematic means of filing her favorite recipes and household hints.

To meet her demand this inexpensive, sturdily built Recipe Cabinet is offered with its convenient, practical index. The headings include Beverages, Breads, Cake, Candies, Canning, Cereals, Meat, Game, Picnic Lunches, Preserves, Frozen Desserts, Fish, Eggs, Salads, Sauces, Vegetables, etc. Also contains 100 ruled cards. Solid oak, golden finish; hinged cover box. So compact it requires but little space on your kitchen shelf. Size, 3½ by 5⅝ inches.

Because of foresight in buying, we are able to pass on to you an unusual saving in Stationery this Fall. For example, our price last Fall on a box similar to the Meadowbrook Weave, 57 E 6402, was 87 cents; and on one similar to the Launcelot four-tint box, 57 E 6410, 59 cents. We have personally supervised the manufacture of the paper to be sure of obtaining uniformly good quality. Comparison with other writing papers in the same price class will show its superiority. We feel sure you will find ours clearer and whiter than other papers at the same price. Our stationery has the excellent color and rich texture indicative of good writing paper.

Genuine Oliver Typewriter

Standard Visible Model No. 9

Brand New! *Not* Rebuilt

Positively *the* Lowest Price Ever Offered on a New Oliver

Our Price $45.00
Formerly $100.00

THE clear, clean cut, easily readable and ,tractive work done by this "Oliver Nine" ›re speaks for itself. These lines show ›w your business and social letters, bul›tins, statements and reports would look, ›ped on your own Oliver machine.

Here is a Standard Typewriter with all wearing parts solidly built finest tool steel with bronze bearings. Removable Carriage, Autotic Tabulator, Patent Ruling Device, Back Spacer, Perfect Letter licator, Automatic Paper Feed, Automatic Margin Register, and ıer big features all combined in a typewriter which you may buy even less than the small portable models offered by other makers!

It is exactly like the machine that formerly sold for $100—not a single part cheapened, changed, rebuilt or removed. Over 500,000 are now in operation for such big, conservative buyers as U. S. Steel Corporation, Otis Elevator Co., New York Central Lines, Morris & Co., and Hart Schaffner & Marx. **Montgomery Ward & Co. has used the Oliver for more than twenty years.**

Try the Oliver for 30 Days

Try it for 30 days in your home or at the office. Compare it with other machines on the market. If after 30 days you are not convinced of the quality of its workmanship and are not entirely satisfied in every way, write us for return shipping instructions. We will refund your money and any transportation charges you have paid. With the machine, free of charge, we include a substantial rubber cover; a box of tools; a bottle of oil, and an instruction book.

Built to Stand the Hardest Use

very Oliver No. 9 Typewriter is guaranteed by the Oliver Typewriter Com-, one of the oldest and largest builders of typewriters in the United States, e an absolutely brand new, first class machine. There is nothing about it ilt, second hand, or made over. It is one of the strongest and sturdiest hines ever built, as evidenced by its wide use in offices where the wear is lest. There are no small, weak parts, flimsy wires or delicate springs to get of order. It is easily assembled and has the fewest parts of any standard ing machine. The Oliver operates smoothly, evenly, and with the writing lain sight as fast as you can make the letters. Four or five clear carbon es can be made at one time. The machine cuts perfect stencils for the ieograph. The use of three feed rollers, operating with even pressure, pre-s carbon copies and wax stencils from "creeping." It has the popular two-r ribbon. The automatic register at the left of the paper table keeps the gin on every sheet uniform; double type bars prevent ragged, up-and-down . The one-piece "escapement" provides proper spacing always.

short, everything has been done to make this machine the most satisfac-typewriter on the market. To make each individual part as perfect and mple as possible has been the constant effort in its planning and building.

Tested to 200 Words A Minute in the Oliver Factory!

Every Oliver No. 9 Typewriter, before shipping, is **mechanically tested** to 200 words per minute and carefully inspected. The highest speed yet attained by human fingers is 167 words per minute. Just another proof of Oliver quality.

Handwriting Now Out of Date

Everyone today is judged by his correspondence. Old fashioned, hard-to-read handwriting is a poor substitute for the smart, correct and inviting letter that is neatly typed, with scientifically spaced lines, and not a single word to guess at! Few of us are good writers, and even those who are take far more time and effort, with far less effective results, to write a thing slowly than to typewrite it quickly. Farmers, lawyers, physicians, teachers, preachers, merchants, salesmen, advertising writers, students, housekeepers, social secretaries, have vital need of this No. 9 Oliver. Wherever reports are made, invoices, bills and statements compiled, or letters received and sent, the Oliver saves both time and trouble. Fully protected by our guarantee of "Satisfaction or Your Money Back," you can order your machine today at a saving of $55 over its former price! Order today; you take nothing for granted! If more detailed information is wanted, we will mail a special catalogue. Shipping weight, about 50 pounds.

Standard Wall Safe

The walls of our Safes are made of one continuous heavy steel plate, electrically welded to heavy steel front and back. This gives remarkable strength as well as attractive appearance. Front doors are massive and strong. Heavy hinges with nickeled tips. Secure bolts and tenon and groove arrangement will hold the door securely, even if hinges were knocked off.

Non-pickable Yale Combination Lock on door practically eliminates the chance of any one, not knowing the combination, from gaining entrance.

A special cement filling between the walls solidifies them and also makes them fire resisting. Safes are shipped direct from factory. We put your name on safe in gold letters without extra charge, when so ordered. Our name does not appear. This usually causes a delay of 15 to 30 days, but shipment is made at the earliest possible moment.

Shipped from Ohio in 5 to 10 days after order is received at factory

Special Locking Device

$31.50

3-Ply Veneer Basswood

Vulcanized Fiber Trunk

A Wardrobe Trunk is a very convenient piece of furniture to own, whether one travels or lives where there is insufficient closet space. You can use this trunk every day in your home as an extra bureau or a much needed clothes closet. The many drawers, hangers and the thoughtfully arranged spaces, provide a convenient place to keep many garments in every day use. Everything is so handy to get at. There are five drawers, including a drawer which can be converted into a woman's hat box. Has springless clothes retainer, shoe bag, laundry bag and an ample supply of hangers for both men's and women's garments. Enough space for quite a large wardrobe. The knowledge that clothes are free from wrinkles, when wanted for use, is quite a comfort. Also, the special spring lock and flat locking bar device will keep your things safe at all times. It is constructed of three-ply veneer, covered and interlined with vulcanized fiber. Open dome top, plush faced; brass plated hardware including spring and draw bolts. Very neatly lined.

Ward's Windsor Player Pianos

Try It for 30 Days In Your Own Home

"You Can Depend on the Tone of Ward's Instruments"

J. L. MITCHELL
Manager Music Department

ONE of the most important features of any musical instrument is its Tone—for the tone determines whether the instrument will bring you pleasure or disappointment. Tone is never a matter of chance—it depends entirely upon the skill of the maker and the choice of the materials that go into the instruments.

To be sure of tone excellence, I have gone only to skillful and experienced manufacturers—to Europe for our violins, brass and wood wind instruments, for in Europe the best ones are made; to some of the leading factories of America for stringed instruments, Windsor pianos and Cecilian phonographs, for America leads the world in the manufacture of these instruments.

While we are very particular about the tone of Ward's instruments, we don't stop there by any means—great care is used in the selection of woods and the most effective methods are employed to bring out their natural beauty. Brass instruments are richly plated; and to be sure that they reach you bright and in perfect condition, we plate them after orders are received.

We are proud of our musical instruments—proud to be able to provide instruments of this fine quality at prices that bring them within the reach of everyone. We want you to have them in your home because we know you will enjoy them; and we have made them easy for you to own—by low prices, by easy payment arrangements, by generous free trial offers, and by our time tested policy, "Satisfaction Guaranteed or Your Money Back."

Manager Music Department.

Let the Instrument Itself Convince You
Only $10.00 Brings It to Your Home

Realizing how many homes were without Player Pianos and still hoping some day they, too, could have this gift of music—we have produced this new Special Windsor, a player piano costing no more than an ordinary piano.

To make this Special Windsor as good as we wanted it, and still be able to sell it at this low price, we went straight to the factory and had it made for us. We made use of our knowledge of what a good player piano should be and our years of experience in selecting materials—and as a result this Special Windsor, a high grade player piano, is yours for only $389.

This player piano compares favorably with many of the more expensive instruments. It has exactly the same expression controlling devices, simply and conveniently arranged automatic tracker bar; transposing device; and is built with metal tube—the best material found for this purpose.

The piano tone and action will satisfy your perfectly. Constructed with full metal plate, bushed tuning pins, genuine wool felt hammers and guaranteed player action.

This low price brings you also a fine, handsome case; simple dignified design, made of hardwood and double veneered in Mahogany, Walnut or Oak, hand rubbed to a beautiful piano finish. Twenty player rolls of our selection included. Bench not included at this special price. See Page 458 for piano benches.

Like every other Windsor—it is fully covered by our 25-year guarantee.

Full size player—56 inches high, 64 inches long, 29 inches deep. Shipping weight, 1000 pounds.

Saved Nearly $400 on His Windsor

"The piano which I purchased from you some time ago is in No. 1 condition—and right here I must mention the fact that I saved nearly $400 when I bought this player from you, as our local dealers were charging that much more for the same action.

"From past experience I know that a Montgomery Ward & Co. guarantee is as good as a gold bond paying 100 cents on the dollar."

G. A. PRICE,
Urbana, Illinois.

The Remarkable Windsor

"The Windsor is the most remarkable piano I ever have used. After four years of hard continuous use, and after we have put it to every test, it still has its mellow but powerful tone and is the smoothest running player in the country.

"We accompany all kinds of musical instruments with it perfectly, because it runs so smoothly."

T. B. LOVING,
Cheyenne, Okla.

We give You Player Rolls

To make it even fairer, we give you with each player piano, twenty player rolls to test the instrument fully, and if you keep it, the rolls are yours to keep and enjoy.

Every Windsor Guaranteed

We want our Windsors to be as satisfactory in the long test of wear as in the first glad months of possession. We make them for endurance, and guarantee them for 25 years. Any defects of workmanship or materials developing in that time, we will repair without one cent of cost to you.

With each Windsor Player or Piano, we send this written guarantee. It is absolute protection and assurance of the high quality of the instrument.

Ward's Windsor Player Pianos

The Colonial

The Colonial Player Piano is indeed the instrument of the home. Its graceful design makes it a beautiful piece of furniture; its simple mechanism allows every member of the family to enjoy playing it—and as a reproducing instrument, it plays with the accuracy, the brilliance, the expression of the artist.

It has the same devices for controlling expression as the higher priced players, which enables you to play each roll with your own expression rather than a mere mechanical reproduction.

Case is **double veneered** with genuine Mahogany, Walnut or Oak. Full metal plate; bushed tuning pins; genuine wool felt hammers; excellent piano action. Dependable, easily operated player action featuring metal tubing—not rubber, as some players have—and transposing device which permits you to change to a higher or lower key, if desired, to harmonize with singing. Height, 56 inches; length, 64 inches; depth, 29 inches. We include with this piano a bench, scarf, and 20 player rolls, our selections. Shipping weight, 1000 pounds.

The Craftstyle—Our Most Popular Player Piano

Only materials of better grade are used in the Windsor Craftstyle Player Piano. The case is **double veneered** and extremely well made, devoid of ornamentation, yet possessing all the fine qualities so eagerly sought by admirers of beautiful furniture.

The piano action is double repeating brass flange construction, unusually easy and responsive, whether played with the player attachment, or by hand. Copper wound bass strings give full, sweet, resonant tones. Keys are genuine ivory; hinges and pedals are brass.

One of the most pleasing features is the Craftstyle player action, because it is so easy to operate. Action is equipped with metal tubing and an automatic tracking device that keeps the music in perfect line. The transposing device is part of the tracker bar or mouthpiece, enabling you to change the pitch as desired.

Height, 56 inches; length, 64 inches; depth, 29 inches. We include with this piano a bench, music roll cabinet, scarf and 20 player rolls, our selections. Shipping weight, 1000 pounds.

Windsor Baby Grand

$495.00

Compare Quality and Price With Any Baby Grand Made

If you are looking for a really fine Piano, you will want a baby grand. The most beautiful of all piano tones are hidden in the heart of this instrument, for its long tapering design makes possible depth, power, and quality of sweetness which cannot be found in any other style, no matter what its price. A musician will choose a grand every time because he appreciates its greater gift of music. And now any household may have a grand piano.

It Will Fit Into Your Home

This attractive model measures only 57 inches from front to back and 54 inches in width—a practical size for the average living or music room. Its graceful case is built of the very best hardwood known for good piano construction—it is built up layer on layer to prevent warping. It is double veneered with genuine Mahogany, hand rubbed to beautiful dull or highly polished finish. Keys are of fine white ivory; hinges and pedals of best, polished brass.

Rare Beauty of Tone

Nothing which will give beauty or permanence of tone has been omitted. It is constructed with a full metal plate; fine spruce sounding board which, by our own process, tends to improve with age and make the tone more mellow and appealing with the years. Hammers are of finely woven wool felt, the most durable material obtainable.

Piano action, the best obtainable for this instrument, raises the hammers instantly from the strings, giving that clear, brilliant tone for which the Windsor is famous. Strings are of the finest tested piano wire, bass strings are brass wound and all are tempered for perfect tone and scale.

Windsor Musicians' Model

For clear mellow tone, for attractive design, and the dependable construction which means long satisfaction it would be difficult to equal the Musicians' Model even in a much more expensive instrument. Although it is our lowest priced model, this Piano is built by the same skilled workmen, and with the same excellent construction as every other Windsor, and is backed by our 25 year guarantee. The case is **double veneered** with Mahogany, Walnut or Oak, hand rubbed to a handsome piano finish. Keys are of genuine ivory, pedals and hinges of polished brass. Built with full metal plate, bushed tuning pins and genuine wool felt hammers. Double repeating piano action; overstrung bass; full seven and one third octaves. It has the same strong, dependable construction as the very highest priced pianos. Try this piano in your own home—you may have it for 30 days, and if it brings you the pleasure and satisfaction you want from your piano—a very few dollars a month for a few months makes it yours. Height, 54 inches; length, 63 inches; depth, 26 inches. Shipping weight, 950 pounds.

The Cecilian
A Triumph of Tone

Musical experts tell us that the Cecilian is a triumph of tone. Never have they heard richer, clearer music, nor music of greater volume, music more truly the reproduction of the artist himself.

Every detail of design and construction contributes to this rare perfection of tone quality. All mechanical sounds from needle or motor are subdued to the point where they never interfere with even the most delicate music. Tone arm and reproducer are scientifically constructed from designs tested and retested for clear, faultless reproduction. The tone chamber is the result of months of experiment with countless designs and materials. It is made entirely of carefully selected, thoroughly seasoned, resonant wood, and scientifically flared to amplify the sound to the fullest. Strong, dependable double spring motors are used. Each is carefully assembled and fully tested before it leaves the factory, and with ordinary care, will never get out of order. A specially constructed governor maintains an always uniform speed which insures perfect rendering of the music. Spring is strong and perfectly adjusted—one winding is sufficient for several records.

Plays Every Make of Record

The Cecilian is equipped with an adjustable reproducer which permits it to play every make of record equally well.

An expression control on every model permits you to put your own interpretation on the playing. Motor speed is controlled by an easily accessible screw. Other splendid Cecilian features are the easy winding shaft, cups for new and old needles, and the self acting catch which holds lid in open position.

This handsome Console is in the later Renaissance style, a period noted for its beauty of line and delicacy of decoration. The gracefully curved braces, embossed designs, and handsomely decorated grill are true to this popular period. Case is grained hardwood with top, panels and doors of genuine Mahogany Veneer. It is finished with a lustrous hand rubbed polish in new, shaded two-tone effect. A shadowing and blending of the lighter and darker colorings of the wood—a new and unusual effect used on the finest of the period furniture.

Grill is backed by gold colored silk screen, which protects the tone chamber from dust and dirt and helps to maintain that sweet, clear tone which has made the Cecilian so welcome in thousands of homes. Phonograph Cabinet is placed in the center with an open top, which brings the playing table into easy, convenient reach. On either side are roomy record cabinets. Every detail which contributes to clear, beautiful music and perfect reproduction has been carefully built into this fine model. Its faithful rendering of the world's finest selections will give you even greater happiness and satisfaction than its beautiful case.

It has the famous Cecilian double spring motor, remarkable for its silence and uniform speed. The scientifically flared tone chamber, is made entirely of resonant, well seasoned wood, which produces a mellow, cello-like tone, of full volume. Improved tone arm is perfectly adjusted to play each record perfectly, and the adjustable modulator allows you to regulate the expression of any record.

Ten double-faced records, 10-inch size, our selection, and assortment of needles, included free. Size, 35 inches high, 38 inches wide; 21½ inches deep. Shipping weight, 235 pounds.

Handsome Period Designs in New Two-Tone Finish

Our beautiful Cecilian cases are designed in true period styles—the very newest development in phonograph art. Both in our Upright and our new Console the design has been kept true to period, so whatever model you decide upon, it will meet every requirement for beautiful furniture, as well as for beautiful tone.

The console—the newest, most artistic phonograph case—comes in Adam, Queen Anne and Later Renaissance styles. They are the improved open top design, which makes the playing table easily accessible.

The upright models come in Adam, and Louis XIV and Louis XV designs. The upright will always be a practical design because it requires little space.

All our later models are beautifully finished in the new two-tone effect—a blending and shading of finish which imparts a richness of aged woods. Deep, rich piano-like finish is given to each instrument by using many coats of the finest stains and varnishes, carefully applied and throughly hand rubbed to a perfect luster. This finish will not crack or peel, and with care, will retain its original beauty for years. The attractive grills are backed by screens of deep gold colored cloth, which protects the tone chamber from dust and thus aids in always keeping the tone clear and sweet.

In Tone and Construction Unexcelled

"In my opinion the Cecilian Phonograph is unexcelled in tone and construction. I wish everyone could have such a luxury in his home."

Whether you regard your Phonograph as a fine piece of furniture, or buy it for its lovely music alone, you will always feel that you did well in bringing this handsome Queen Anne Period Console into your home. This is one of our finest Cecilians, both in design and tone quality, and you will never for a moment regret the money you spend for it. You will find it a never failing source of satisfaction.

A Beautiful Console

If only as a piece of furniture, you will be proud to own this Queen Anne Console. It is a true Queen Anne design, with the slender, gracefully curved legs and the simple, delicate lines which make this style so distinctive and popular.

The phonograph mechanism is hidden away in the center cabinet by an improved console open top which makes the playing table quickly and easily accessible. The gracefully designed oval grille at the mouth of the tone chamber is backed by a dull gold colored cloth screen of silky texture which protects the parts from dust and dirt. On either side is a roomy compartment for the records. Made from grained hardwood with top, doors and panels of Genuine Mahogany or Oak Veneer, beautifully finished in the shaded two-tone effect. Also beautiful Walnut finish.

Dependable Cecilian Mechanism

The Cecilian double spring motor is silent and even running—the ideal motor for faultless playing. The Cecilian tone arm and specially constructed tone chamber are designed for the utmost in volume and full, round, perfect reproduction of the artist's work. Improved modulator on the side controls the volume and allows you to give the records your own interpretation.

With this model is included an assortment of needles and ten double faced 10-inch records (20 selections).

Violin Outfits~Imported

It Is Tone Quality That Counts

When you buy a Violin you buy a voice; for it is the tone quality of your instrument which determines whether it will become a dear companion or be a disappointment. All Ward's violins are made from the same woods—thoroughly seasoned spruce and maple—and all are the same designs used by master violin makers. But tone depends not only upon perfect design, but upon careful choice of woods and the skill with which they are matched. When selecting from our violins, price is your safe guide for tone quality. While even our lowest priced models are made by experts from properly seasoned woods, each additional dollar of cost means additional care in the choosing of these woods, greater skill and time put into the workmanship. While you will be pleased and satisfied with any violin you select, keep in mind that the more you pay the more you can expect in the excellence of its tone quality.

Violins

Hand Made—Superior in Tone

Each of these fine instruments, to the last detail, is the work of one skilled violin maker. He chooses and tests the wood; cuts, matches and finishes it, and builds with loving care this one violin. For depth and resonance of tone, for power and volume, the handmade violin excels.

Stradivarius Model

Tone is the true test of a Violin. Put this fine handmade Stradivarius model to that test and you will recognize instantly that vibrant quality of tone, every part perfect in every note, which sets the handmade violin apart as the instrument of the artist. This instrument is made throughout by hand, the work of an expert violin maker, noted for the excellence of his instruments. Front is fine old spruce; back, sides and neck are maple finished with a soft, reddish brown varnish, transparent to show the beauty of the graining. Pegs, fingerboard and tailpiece are best ebony. Shipping weight, 7 pounds.

To You From the "Village of Violins"

Markneukirchen is a little village in Germany of perhaps 1500 people. As you go down its streets, over almost every door you see the sign Violin Maker, for this is the Village of Violins. For generations the choicest spruce and maple from the nearby mountains has been brought to Markneukirchen, stored in dry garrets to age and season, and then made, by hands skilled at the work from childhood, into beautiful, deep toned violins, famous the world over.

It is to Markneukirchen that Mr. Mitchell, our expert, goes for our violins. He himself visits the homes, which are the workshops, of the violin makers of reputation, selects the woods, and leaves the order for the thousands of violins made for us every year in the "Village of Violins."

Here Is a Violin Value

Ordinarily you would expect very little of a Violin at this low price. But you have a surprise in store for you in the rich, sweet tone of this instrument. Only because our buyer himself selected the finely seasoned woods and turned them over to a German violin maker as a special quantity order, can we offer a violin of this quality at such a low price. An ideal instrument for beginners because of its very low cost, while for more advanced players its tone, too, will win it favor.

This violin is an accurate copy of a Stradivarius. Front is of well seasoned spruce. Back and sides of maple, finished a ruddy brown shading to amber, and grained as shown. Pegs, fingerboard and tail piece are ebonized. Complete with fine gut strings, imported from Germany. Shipping weight, 5 pounds.

551 E 723.....**$4.45**

Advanced Students' Violin

Tone excellence is of utmost importance to the advanced student, for unless every note be true and perfect, long hours of faithful work are wasted. In this model the maker has given special attention to creating an instrument which should meet this requirement, and yet be low priced. It is an exact Stradivarius model, proportioned to produce a full, resonant tone, perfect in every register. The wood was carefully selected by our own violin expert—wood of the finest even grain, thoroughly aged and seasoned. Front is of specially selected vertical spruce; back and sides of maple, finished a deep, ruddy brown, shading to amber toward edges. Pegs, fingerboard and tail piece are ebonized; neck and scroll are beautifully finished. Complete with imported gut strings. Shipping weight, 5 pounds.

551 E 725.....**$6.95**

Mellowtone

The rich, mellow tone makes it an ideal instrument for the home. While its volume is ample for public playing, it has that melody and sweetness which makes a violin become a real companion to the player and a delight to the listener. Like all our fine violins, this model is made especially for us by the famous violin makers of Germany. For generations they have been selecting and keeping the finest spruce and maple. This Mellowtone is the product of these years of preparation. Fine seasoned spruce is used for the front, and for back and sides, delicately figured maple, beautifully matched. It is finished in a ruddy brown shading to amber, and is nicely polished. Pegs, fingerboard and tail piece, ebony finished; neck and scroll delicately shaped and grained. Strung with imported gut. In workmanship, appearance, and most of all, in tone, the Mellowtone is an instrument unmatched at this price.

Shipping weight, 5 pounds.

The Choice of the Professional Player

Concertone Violin

Especially adapted to concert or public playing, the Concertone has a deep, resonant tone of rare sweetness and of the volume and carrying power so essential to the professional instrument.

Careful selection of choicest seasoned woods, and extra attention to details of construction, blocking, lining and matching of grain, produced this truly satisfying instrument.

This is a true copy of one of the finest Stradivarius models, made according to our specifications by a noted German violin master maker. Front is of fine, garret seasoned spruce; back and sides of maple, carefully chosen for its long even grain, for its resonance, and for the beauty of its pattern and coloring. It is finished a warm ruddy brown, shading delicately to golden amber. Pegs, fingerboard and tail piece are genuine ebony rubbed to a soft finish; neck and scroll are delicately designed. Our "direct from the maker" buying arrangement makes it possible for us to sell the Concertone at just about one third the price usual for this quality. Violin is complete with gut strings imported from Germany. Shipping weight, 5 pounds.

Solo Model

The violinist who plays in public, even occasionally, can not be too particular about the tone of his instrument. For upon its sweet resonance, its volume and instant response to the bow, depends the effect of the playing.

In this Violin, which is a true copy of the instrument made by the famous Stradivarius, no care has been spared to select fine grained, thoroughly aged woods. Skilled German craftsmen, born of generations of violin makers, give loving attention to the matching, arching and finishing of the instruments in order to produce big, resonant, full voiced tones. Front is of fine, old spruce, thoroughly time seasoned; back, sides and neck of carefully matched maple which has been selected for its close, perfect grain, its beauty of figuring and its resonance. This instrument is finished a deep, ruddy brown, shading to amber; a special transparent varnish has been used which reveals the soft satiny grain. Pegs, fingerboard and tail piece are of best ebony. The Solo model is an instrument well suited to concert or professional playing by reason of its full volume as well as its sweet, mellow tone. Complete with gut strings imported from Germany. Shipping weight, 5 pounds.

Artists' Violin

You might play many Violins and far more expensive ones before you would find tones as sweet, as full, as perfect in every register and as well adapted for concert and orchestra work as the Artists' Violin. This is the design found by Stradivarius to be proportioned most perfectly to produce the exquisite music of the violin. It is made from woods, thoroughly seasoned and especially chosen for this instrument, by German violin makers known the world over for their skill. Front is of fine, old spruce, time seasoned and carefully selected for its straight even grain. Back, sides and neck of maple, excellently matched and carefully arched to enhance the volume of the note. At every point the Artists' violin is built with that loving attention to detail which results in a beautiful instrument of rare volume and tone quality. It is finished in a warm, reddish brown beautifully polished to bring out the satiny grain of the wood. Pegs, fingerboard and tail piece of genuine ebony. Rubbed to a smooth, beautiful dull finish. Complete with extra fine professional gut strings, imported from Germany. Shipping weight, 5 pounds.

6 String Hawaiian Guitar

That haunting Hawaiian music which sounds so difficult, you can play easily and beautifully on this Hawaiian Guitar. It is similar to the regular guitar, but played with a steel bar pressed down upon the strings at the desired frets. By sliding the bar you can produce the wailing cadence of Hawaiian music, so appealing and popular. By removing the extension nut which lifts the strings from the fingerboard, this guitar may be played in the regular way. This is an unusually beautiful instrument—strongly made, perfectly constructed and nicely finished in every detail. It is a pleasure to own such a fine looking instrument. Front is fine grained spruce; back and sides of figured hardwood; neck of basswood; fingerboard, ebonized. Top edge and soundhole are bound with celluloid and decorated with border of inlaid colored woods. Tailpiece and head are nickel plated. Six strings. Complete with extra steel strings and set of three picks, one steel bar, flannel lined canvas case and instruction book. Shipping weight, complete outfit, 14 pounds.

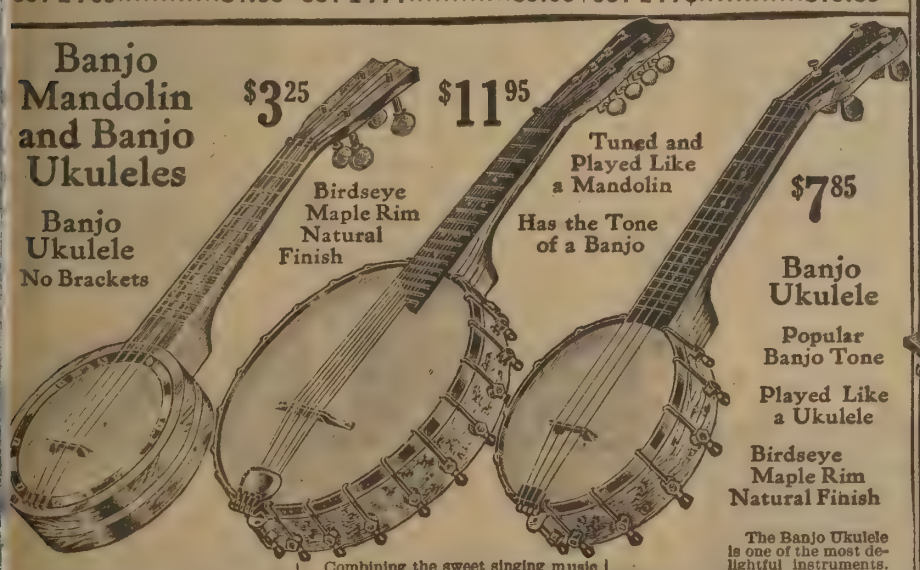
Banjo Ukulele

Popular Banjo Tone

Played Like a Ukulele

Birdseye Maple Rim Natural Finish



The Banjo Ukulele combines the bright, snappy tone of the banjo with the sweeter, more musical ukulele quality. One of the easiest stringed instruments to learn, and one of the most popular. Has 7-inch shell, inlaid through middle with a strip of white holly. Neck is white wood in natural finish. Finger board is accurately fretted to make playing easy. Calfskin head with heavy nickel hoop to hold calfskin in place. Mahogany pegs. This banjo ukulele has no brackets. Shipping weight, 3 pounds.

551 E 777.....**$3.25**

Combining the sweet singing music of the Mandolin with the snap and volume of the Banjo this instrument is a growing favorite in the dance orchestra. It is also a good solo instrument or accompaniment for Glee Club or chorus. This very good banjo has 11-inch birdseye maple rim; maple neck. Natural finish. Finger board is ebonized with five position dots; frets accurately placed for perfect scale and ease of playing. Nickel plated tailpiece; straining rim and patent heads, and 20 nickel plated brackets. Calfskin head. Instruction book included. Ship. weight, 7 pounds.

551 E 775.....**$11.95**

The Banjo Ukulele is one of the most delightful instruments. It is strung, tuned and played like an ukulele. The head is, however, much smaller than the banjo and the shell is a special type, but the principle is the same. The brilliance and finish of its notes are a pleasant surprise. Has 7-inch birdseye maple shell; hardwood neck and rosewood finger board; nickel plated straining hoop and tailpiece; 12 nickel plated hexagon brackets; patent non-slipping pegs; 3 pearl position dots. White calfskin head. Instruction book included. Shipping weight, 7 pounds.

Tenor Banjo and Outfit With Extension Tailpiece — $15.95

It's the Twanging Tenor Banjo That Makes Dance Music Snappy

If you can play the Banjo, there is always a place in the dance orchestra for you—for it is the banjo which gives the snap and swing to popular dance music. The tenor Banjo is probably the most popular member of the banjo family for this purpose, both because of its good tone and volume, and because, owing to similarity of fingering, it is easy for harpist or violinist to learn to play.

This strong, full toned tenor banjo has four strings, tuned A, D, G and C. It is made with an 11-inch rim of birdseye maple, natural finish; heavy, nickel plated straining hoop and extension tailpiece; 20 hexagon brackets hold head taut and even, giving the loud, snappy tone needed for orchestra music. Maple neck has natural finish. Ebonized finger board has inlaid pearl position dots. Equipped with reliable Champion never-slip pegs.

Outfit also includes canvas case, flannel lined; set of strings, and practical instruction book. Shipping weight, complete outfit, 12 pounds.
